

TRENTON POTTERS ASK UNIFORMITY

Brotherhood Urged to Remedy Defects in the Wage Scale There.

THE CONTRACT SYSTEM

Is Condemned by Convention and Prescribed Rates of Wages Will Be Substituted—More Resolutions Presented For Consideration.

Trenton, N. J., May 9.—(Special)—The Brotherhood delegates did not take their expected trip to Princeton yesterday afternoon, owing to the inability to get trolley car accommodations.

The afternoon was devoted to convention business. The large number of resolutions introduced dispelled all hope of the convention adjourning this week. President Hughes last evening said he thought it would adjourn Tuesday. Much of the business transacted yesterday was secret.

A resolution protesting against a decision of the arbitration committee in the settlement of a dispute in a western pottery was introduced and discussed at length. The convention sustained the arbitration committee.

The kilnmen presented a resolution calling for time and a half for all kilnmen required to work after 5 o'clock, and double time for Sunday. It was rejected.

The kilnmen offered a resolution that all kilns be drawn between 5 a. m. and 3 p. m., otherwise the company must pay time and a half. It passed.

Many kilnmen have been complaining of the distance they have to carry saggars to kiln sheds. A resolution aimed to secure a remedy was passed. It provides that the firms must place all green saggars to be used by the kilnmen in the glost kiln shed, doing away with the hour generally spent in taking them from the sagger shed.

Twenty-one resolutions were introduced yesterday morning and referred. An important and interesting discussion arose during the afternoon.

Trenton delegates introduced a resolution calling for better conditions in the general ware plants in this city. It asks the Brotherhood to introduce the same conditions here as in the western plants, and for a more uniform list of prices on different kinds of ware.

Conditions here are anything but satisfactory. It is said that in some shops men are working under three different price lists, each a journeyman, and making the same kind of ware.

A committee to fix a uniform price list for potters was appointed. Wm. Anderson, LeRoy Orr, Charles Dorff, R. H. Smith and W. J. McKeone are the committee.

The contract system, referred to by President Hughes in his report, was condemned by the convention. Under this system packers, dippers and mold makers can hire to do the work, which generally calls for three or four men. They are paid for the work, and in turn pay their helpers, who receive a comparatively small rate. Under the new system to be installed all men employed in the above departments will receive an equal rate of wages, as prescribed in the list.

Another resolution which was passed urges jigglers to furnish only union finishers when possible.

The finishing work on handles will in the future have to be done by the handle makers themselves. Heretofore several boys were employed, but the Brotherhood thought it advisable to abolish this system.

The following additional committees have been named:

On Resolutions—John Powell, Mrs. Hazel Starr, A. B. McBrier, Joseph Henry, Herbert McConnell, Al. M. Martin, W. J. McKeone, E. L. Bradfield.

On Union Label—Charles Dorff, Geo. Hopwood, John Gibson, Arthur Newman, William Aughenbaugh, Lizzie Barcus, R. A. Wood, George Rodecker.

DEMANDS GRANTED

Standard Brick Works Employees at Empire Get an Advance in Wages.

The men of the Standard brick works at Empire, who struck for 15 cents a day more on common labor, 3 cents per 1000 for setting and draw-

ing and 2 cents on the ton for digging, have had their demands granted.

The demands are about equal to 15 cents a day all around. The men at the Stratton works asked for an increase and were given what they asked without a strike. The strike at the Minor Fire Brick company's plant is off, the men being given what they asked.

READY TO PROCEED WITH LITIGATION

ATTORNEYS VODREY AND M'GARRY MAKE REPORT.

Several Hundred Residents Anxiously Await the Action of City Council.

Attorney W. H. Vodrey made his report last night to the residents of Pleasant Heights and vicinity, and every individual property holder now has a clear idea as to how far they can proceed legally with the street railway company.

The meeting was held in the union chapel on the hill, and when Attorney Vodrey arrived he was accompanied by Attorney M. J. McGarry, who had also been retained.

The attorneys reported that there were three courses which the residents of the community could pursue, any one of which would bring the desired result. The one most favored by them, however, was that of an appeal from the city council to the courts for a specific performance. There was no doubt in the minds of the legal advisors but that the question, if brought in that form, could be settled to their satisfaction, and the company compelled by an order from the court to comply with the franchise.

The plan, as formulated last night, was that the matter be brought before the council at its next meeting; that the street railway company be given a certain time in which to begin the work. In case they fail to comply the solicitor be instructed to file the necessary papers forthwith.

FROM THIS CITY

AN UNFORTUNATE MAN GOES TO JEFFERSON INFIRMARY.

William Ward Lay Apparently Lifeless Two Days in Steubenville Jail.

Steubenville, May 9.—The case of William Ward, the unfortunate man arrested Tuesday night, has baffled the physicians. So far all attempts to improve his condition, or to arouse him to the use of his senses has failed.

Wednesday night and yesterday morning efforts were made to arouse him, but though everything known to medical science was tried, Ward has not been able to waken from the deep stupor into which he sank during the early hours Wednesday morning.

City Physician Thomas Walker has been unable to administer medicine through the proper channel for the reason that his throat is closed, but last night believing that medicine injected hypodermically would result in some benefit, it was tried but without effect. Marshal Scott yesterday forced a little coffee down his throat, but it was such a small quantity that it could possibly have no effect on him.

The barren jail where the man lay all day Wednesday, was improved last night by the addition of a mattress on which the almost lifeless body of Ward was placed. Later in the evening, a railroad car called at police headquarters and said he worked with Ward, who was known as "Liver" for the reason that he came from East Liverpool. He shook the body and tried in every way to arouse him, but failed in his efforts. He had worked with him for a long time and always found him easy to awaken.

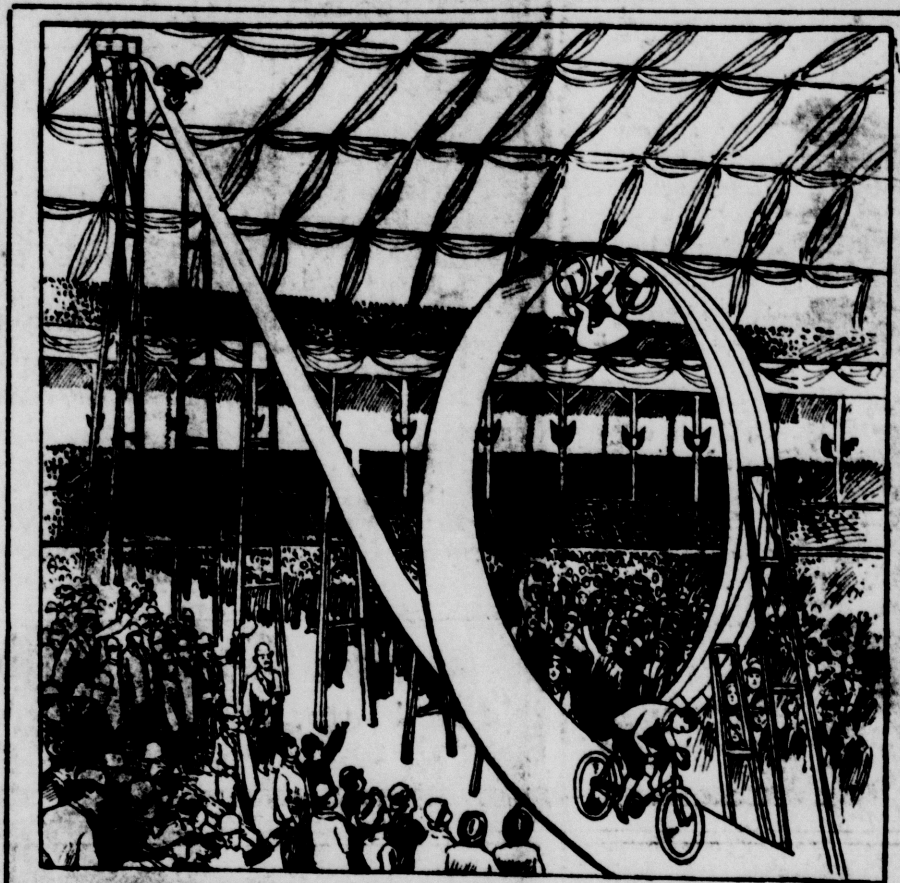

The township trustees took charge of Ward, and yesterday removed him to the county infirmary.

THE FIRST INNING WAS A SLAUGHTER

Marines Scored Seven Runs and of Course Defeated East Liverpool.

REST OF THE GAME GOOD

The New Players Acquired Themselves With Much Credit—Visitors Put Up a Great Game—The Final Score Stood 12 to 6.

Except the first inning the game played in West End park yesterday afternoon by the new local baseball team and the Marines, of Canton, was decidedly the best exhibition of the popular sport witnessed this season. The crowd in attendance numbered over 300 and all were well repaid for their time and trouble. The Marines played equally as good a game as they did last summer when here and the locals soon found that if victory smiled upon them it would be only after a hard struggle.

The diamond was in excellent condition, but the field was bad. It is covered with clods of dirt and to a great degree handicapped the boys.

In the first inning an out by Sperry was followed with seven of the prettiest hits ever placed, which together with seven runs gave the visitors the game at the start. The locals up made two runs. During the three succeeding innings neither team scored but in the fifth the Marines added one more and the locals three. In the sixth the visitors were credited with a score and in the eighth they cinched the game with three runs, the locals only being able to score one from the fifth. For the Marines, especial credit is due Whitnight, who covered third. Although he made an error his sensational pick ups were cheered most heartily and he never failed to take a chance.

Reilly in left field and Mack at short also were at home in their positions.

Chadwick, in middle for the locals, failed to meet the requirements. Godwin made two inexcusable errors, but made amends for them later. Boyle played a perfect game.

OFFICERS CHOSEN FOR NEW BANK

Geo. H. Owen to Be President of the Dollar Savings Institution.

THE BOARD OF DIRECTORS

Chosen and Organized—Effort Will Be Made to Open the Bank Early Next Month—A List of the Stockholders.

A meeting of the stockholders of the recently incorporated Dollar Savings bank was held in the rooms of the Potters' club last evening and officers elected as follows:

President—George H. Owen.
Vice President—H. N. Harker.
Cashier—Harry T. Hall.

Following is a list of directors, which were also elected: George H. Owen, H. N. Harker, Monroe Patterson, M. E. Golding, Joseph G. Lee, L. M. Thomas, O. C. Vodrey, George C. Thompson, H. A. McNicol and Harry T. Hall.

The stockholders, nearly all of whom have but small shares, are as follows:

George H. Owen, H. N. Harker, J. N. Vodrey, George P. Ikirt, A. H. Bulger, N. G. Macrum, E. L. Henderson, J. M. Kelly, E. W. Bartlett, Charles P. Floyd, F. B. Chambers, A. W. Thomas, L. M. Thomas, George C. Thompson, H. A. McNicol, William Anderson, John I. Hodson, M. E. Golding, W. W. Harker, J. M. Aten, Enoch Elden, J. Stein, F. E. Allen, O. C. Vodrey, Dr. W. R. Clark, Joseph G. Lee, E. L. Bailey, A. J. Witzeman, H. T. Hall, I. B. Pope, John W. Vodrey, Hon. David Boyce, Hugh Newell, John C. Thompson, George W. Thomas, C. C. Thompson, B. C. Simms, Monroe Patterson, W. L. Thompson, C. B. Wilson, A. W. Scott.

Twenty per cent of the stock was paid in last night. The rest will be paid in as called for.

It was decided at the meeting to try and have all arrangements completed to open the bank for business on June 1, though it will probably be some days later before this can be done.

Laying Gas Pipe.
Lisbon, May 9.—(Special)—

THOUSANDS VISITED THE NEW LIBRARY

Not in years past has a public event in East Liverpool occasioned the interest and attracted such attention as the dedication of the Carnegie library and the reception which followed last evening. It is claimed that at least 5,000 took advantage of the privilege to inspect the handsome edifice.

Less than half the people who were present at the dedicatory exercises in the afternoon were able to hear the speeches, the room being crowded to its fullest capacity long before the ceremonies began. Early in the evening, when the time of beginning the reception arrived, great crowds were already present and continued to swarm about the building until a late hour.

Prof. A. K. Nowling's full orchestra was seated in the librarian's office, directly in front of the lobby and discoursed fine music the entire evening

while the crowds moved about. Early in the evening W. L. Thompson took upon himself the task of escorting the guests about the different rooms, but soon found his services inadequate, so vast was the multitude that crowded into the entrance. It finally became necessary to solicit the services of other directors and two officers to properly take care of the fast increasing throng, but fortunately there was no jam and everybody had a full opportunity of making a thorough inspection of everything to be seen.

Hundreds of people from Wellsville and Chester attended the reception. Everybody had a most enjoyable time and the board of directors, nearly all of whom were in attendance, justly felt elated over the success of the event which was projected by them and so triumphantly carried through.

W. E. Donnelly, superintendent of construction for the Salem Oil and Gas company is in town laying out lines for gas pipes. The first car of pipe is on the ground and it is expected to have the gas to consumers at an early date.

WAR EXPECTED IN MEAT PRICES

PROMISED BY A BUTCHER WHO QUILTS THE COMBINE.

Alleges That Rates Have Been Cut and He Proposes to Do Likewise.

The East Liverpool butchers have invaded the East End and, it is said, are offering meat at a lower price than the East End butchers have been selling it for. One East End dealer has withdrawn from the local combination and a fight is on. The protesting East End butcher said today that beef and veal on foot in this section are no higher than a few months ago. He states that recently an East Liverpool butcher told a Hancock county farmer that all the butchers would pay for veal on the foot was five cents a pound, whereas, in the past, 5½ cents a pound had been the rate.

It has been intimated that all the East End butchers will soon withdraw from the butchers' association and invade the city proper, making a house-to-house canvass for trade at lower prices. Should this be done, the fight promises to be merry, and the people to profit.

A SMALL RIOT

STARTED BY BOYS IN CALIFORNIA HOLLOW.

Young Men Driving Attacked by Youngsters And a Lively Time Followed.

Sam Collins and Ed Kilmer were the victors in a lively free-for-all fight in California Hollow last night. The young men were driving on Trentvale street, when they were accosted by a number of boys who reside in that community. No attention was paid to them for some time, but finally the epithets grew so bitter that they concluded to resent the attacks. They climbed from the buggy and very soon there was a small-sized riot in progress.

The California youngsters belonged to the Malone and Howell families, and when they came out of the fight a more demoralized looking crowd would have been hard to find. Kilmer and Collins did not receive a scratch. About this time the residents took a hand and the two town boys were in danger for a time.

A club that very much resembled a fence rail was wrenched from the grasp of the Malone boys' father, and several more were relieved of various articles of house furnishing. The parents of the boys proceeded to town at once, vowing they would prefer charges, but to the present none have been filed.

CRASHED INTO CURB

STREET CAR RAN OFF THE TRACK LAST EVENING.

One Passenger Hurt And Others Badly Scared And Shaken.

Car No. 1, of the East Liverpool railway, came out of the east end of Sixth street so fast on its last trip from Wellsville last evening that it crashed into the curb and caused Edward Kingston, a passenger, to fall from his seat and injure his leg.

There was quite a crowd of young folks on the car, and all received a severe shaking up, but no others were seriously injured.

PLUMBERS' SCALE

Submitted By Strikers—Agreement May Be Reached Tonight.

The journeymen plumbers held a meeting last evening. They framed a communication and submitted it to the bosses this morning. They agree to return to work at \$4 per day of nine hours and eight hours on Saturday.

The bosses have appointed a committee to meet a committee of the journeymen tonight, and it is thought an agreement will be made.

THE PERFORMANCE A VERY FINE ONE

Amateur Players Won Favor and Applause in "Scottish Reformation."

STORY BEAUTIFULLY TOLD

And the Vast Chorus And Beautiful Stage Scenes Afforded a Spectacle of an Imposing Character—Large Audience in Attendance.

The presentation of the "Scottish Reformation" in scene and story last evening at the opera house was one of the finest performances ever given in this city. The gorgeously costumed participants, trained choruses, soloists, pleasing drills and beautiful stage pictures, made the entertainment a rare treat, which exceeded all expectations.

The opera house was well filled with an audience which by its vociferous applause seemed to express the opinion that the performance had one particular grace—that of not being tiresome.

The story of the "Scottish Reformation" is a romantic, historical one concerning which all ages since that day have sympathized and marveled. The convincing evidence of the reformer and the sad, sweet life of the unhappy Mary, were told with vigor and pathos by Mrs. H. E. Monroe. Her remarks were accompanied by interesting stereopticon views.

These scenes were introduced by an allegorical procession participated in by a chorus of 220 voices singing, "Form Your Battalions" and "The Son of God." Part second opens on a scene of the Puritans and students on their way to Leith to meet Mary Stuart on her way to Scotland.

The stage setting and costumes of the ladies in the third part were magnificent. To the strains of "The Campbells Are Coming," played by the orchestra, entered Mary Queen of Scots. Then her guards and attendants appear, arrayed in true Highland costume. Mrs. W. C. Lynch was beautiful as Mary Stuart, and portrayed the character of the ill-fated Queen in truly queenly style. She was attended by Harry Wagner as Lord Darnley, and Dr. E. L. Trimmer as Lord James Stuart, who made a plea to the queen in behalf of Knox. C. M. Hamilton as Lord Erskin, of Dun, had a very pleasing stage appearance, and carried his lines with easy grace, while Dr. Clyde McCurdy was quite amusing as the gallant French minister. It was during this scene that the Queen was presented with a large bouquet—always a grateful compliment. John Knox was impersonated by D. M. McLane, who is well adapted to this part, and easily won the hearts of the audience.

The court ladies presented a charming picture of middle century life, and it was as appropriate as it was enjoyable to hear Miss Alice Devon sing "My Ain Country." Miss Georgia McLane sang "When the Mists Have Rolled Away," with chorus accompaniment, which was one of the pretty features of the entertainment. "Annie Laurie," as sung by Ed Macintosh and accompanied by Mrs. E. M. Knowles upon the harp, scored one of the hits of the evening; and they, as well as several others were compelled to respond to encores.

Mrs. Monroe was again heard in the continuation of the tragic and romantic story and was listened to with rapt attention. The queen's parting with her attendants was most impressive.

The closing scene represented the triumph of the Puritans, who in procession sang the triumphant psalm, "God's Miraculous Deliverance."

The performance was a finished one throughout—due as much to the skill of Miss Lucy Reninger, the trainer, as to the class itself. The opera house should be crowded tonight as the "Scottish Reformation" and the cause for which it is laboring—the Y. M. C. A.—is a worthy one. Wherever the entertainment has been given it has been received with marked enthusiasm and pronounced success.

Referred to a Commissioner.
Lisbon, May 9.—(Special)—The circuit court has referred the case of Daniel T. Lawson versus William R. Wells to J. J. Purinton, of East Liverpool, to take the testimony and report his conclusion to the court. Lawson and Wells were grocery partners in Wellsville and dispute over a balance.

CRASHED INTO CURB

STREET CAR RAN OFF THE TRACK LAST EVENING.

One Passenger Hurt And Others Badly Scared And Shaken.

Car No. 1, of the East Liverpool railway, came out of the east end of Sixth street so fast on its last trip from Wellsville last evening that it crashed into the curb and caused Edward Kingston, a passenger, to fall from his seat and injure his leg.

There was quite a crowd of young folks on the car, and all received a severe shaking up, but no others were seriously injured.

PLUMBERS' SCALE

Submitted By Strikers—Agreement May Be Reached Tonight.

The journeymen plumbers held a meeting last evening. They framed a communication and submitted it to the bosses this morning. They agree to return to work at \$4 per day of nine hours and eight hours on Saturday.

The bosses have appointed a committee to meet a committee of the journeymen tonight, and it is thought an agreement will be made.

Anti-Saloon Movement.

THE PERFORMANCE A VERY FINE ONE

Amateur Players Won Favor and Applause in "Scottish Reformation."

STORY BEAUTIFULLY TOLD

And the Vast Chorus And Beautiful Stage Scenes Afforded a Spectacle of an Imposing Character—Large Audience in Attendance.

The presentation of the "Scottish Reformation" in scene and story last evening at the opera house was one of the finest performances ever given in this city. The gorgeously costumed participants, trained choruses, soloists, pleasing drills and beautiful stage pictures, made the entertainment a rare treat, which exceeded all expectations.

The opera house was well filled with an audience which by its vociferous applause seemed to express the opinion that the performance had one particular grace—that of not being tiresome.

The story of the "Scottish Reformation" is a romantic, historical one concerning which all ages since that day have sympathized and marveled. The convincing evidence of the reformer and the sad, sweet life of the unhappy Mary, were told with vigor and pathos by Mrs. H. E. Monroe. Her remarks were accompanied by interesting stereopticon views.

These scenes were introduced by an allegorical procession participated in by a chorus of 220 voices singing, "Form Your Battalions" and "The Son of God." Part second opens on a scene of the Puritans and students on their way to Leth to meet Mary Stuart on her way to Scotland.

The stage setting and costumes of the ladies in the third part were magnificent. To the strains of "The Campbells Are Coming," played by the orchestra, entered Mary Queen of Scots. Then her guards and attendants appear, arrayed in true Highland costume. Mrs. W. C. Lynch was beautiful as Mary Stuart, and portrayed the character of the ill-fated Queen in truly queenly style. She was attended by Harry Wagner as Lord Darnley, and Dr. E. L. Trimmer as Lord James Stuart, who made a plea to the queen in behalf of Knox. C. M. Hamilton as Lord Erskin, of Dun, had a very pleasing stage appearance, and carried his lines with easy grace, while Dr. Clyde McCurdy was quite amusing as the gallant French minister. It was during this scene that the Queen was presented with a large bouquet—always a grateful compliment. John Knox was impersonated by D. M. McLane, who is well adapted to this part, and easily won the hearts of the audience.

The court ladies presented a charming picture of middle century life, and it was as appropriate as it was enjoyable to hear Miss Alice Devon sing "My Ain Country." Miss Georgia McLane sang "When the Mists Have Rolled Away," with chorus accompaniment, which was one of the pretty features of the entertainment. "Annie Laurie," as sung by Ed Macintosh and accompanied by Mrs. E. M. Knowles upon the harp, scored one of the hits of the evening; and they, as well as several others were compelled to respond to encores.

Mrs. Monroe was again heard in the continuation of the tragic and romantic story and was listened to with rapt attention. The queen's parting with her attendants was most impressive.

The closing scene represented the triumph of the Puritans, who in procession sang the triumphant psalm, "God's Miraculous Deliverance."

The performance was a finished one throughout—due as much to the skill of Miss Lucy Reninger, the trainer, as to the class itself. The opera house should be crowded tonight as the "Scottish Reformation" and the cause for which it is laboring—the Y. M. C. A.—is a worthy one. Wherever the entertainment has been given it has been received with marked enthusiasm and pronounced success.

Referred to a Commissioner.

Lisbon, May 9.—(Special)—The circuit court has referred the case of Daniel T. Lawson versus William R. Wells to J. J. Purinton, of East Liverpool, to take the testimony and report his conclusion to the court. Lawson and Wells were grocery partners in Wellsville and dispute over a balance.

EAST END STOPS TRAINS, TOO

An East End Boy Causing Great Annoyance to Railway Companies.

The East End boy who has been annoying the street railway employees by getting on the tracks and refusing to move until the car stops, has been stopping railroad trains lately. Twice he has stopped the C. & P. express by sitting on the track and not moving, though last Thursday the engine was only 10 feet from him when the train stopped.

Complaint has been made to the mayor. Street railway men say they have only escaped running over him by "plugging" the car, and that is a very costly operation for the company. Some think he is mentally unbalanced and should be sent to Massillon.

FREIGHT STOLEN

A Box of Coffee Taken From the East Liverpool Box Car Station.

The conductor of the westbound local missed putting off a large box of coffee at Industry yesterday, and when the train stopped at the East End had the box put in the freight car at Mulberry street, to be taken back to Industry on the night trip. Later the box was gone, and it is supposed was stolen.

Assault Case Dismissed.

The case of James Motes against Mrs. Skenn, both residents of Chaffinville, was dismissed by Justice Carman last evening. The trouble was in Chaffinville. Motes alleged that Mrs. Skenn struck his 9-year-old daughter shortly after she recovered from an attack of fever, and while the child was playing in the street. Assault and battery was charged.

EAST END AFFAIRS.

John Marshall is ill with pneumonia. Robert Baird is visiting at Steubenville.

L. W. Carman and James Robinson are in Lisbon today.

Chaffinville is to have an attorney. A lawyer from the south, and whose name is Job, has arrived.

Three persons from the south came to the city yesterday afternoon on the packet Virginia. They are now in Chaffinville and will make their homes there.

Otto Hendershot has returned from Baltimore, where he has completed a course in medicine. As soon as he passes the Ohio state examination, he will open an office in the East End.

Water Clocks in China.

In the history of the Tang dynasty it is stated that in Persia at the same period there was a clepsydra on a terrace near the palace formed of a balance containing twelve metal balls, one of which fell every hour on a bell and thus struck the hours correctly. It is deemed not unlikely that this instrument was identical with the celebrated one which the king of Persia sent in the year 807 to Charlemagne.

In 808 the astronomer Tsiang produced an improvement on all former instruments—a machine arranged on a sort of miniature terrace ten feet high and divided into three stories, the works being in the middle. Twelve images of men, one for every hour, appeared in turn before an opening in the terrace. Another set of automata struck the hours and eighth of hours. These figures occupied the lowest story.

The upper story was devoted to astronomy, containing an orrery in motion. Very complex machinery must have been required. As to the nature of the mechanism nothing is known except that it was kept going by falling water.

A Story of Professor Huxley.

Professor Huxley, Dr. Wayland declared, was once sitting at dinner beside a lady who in impassioned tones asked him whether he did not think it a very terrible thing that the Rev. Mr. Jones, the vicar, should have adopted the eastward position in administering the sacrament. "My dear lady," he replied, "I am told by Sir John Herschel that to drop a pea at the end of every mile of a voyage on a limitless ocean to the distance of the nearest fixed star would require a fleet of 10,000 ships, each of 600 tons burden, all starting with a full cargo of peas. Now, do you really suppose that the Maker of the fixed stars considers this new position of Mr. Jones a serious thing?"

Tennyson and Barnum.

Tennyson was extremely eager at one time to visit America, and touching this point a story is related to the effect that Barnum offered him an enormous sum to make the trip, though probably not as one of the attractions of the "greatest show on earth." "All you have to do," said Barnum, "is to stand on a platform and have your hands well shaken." The poet, however, declined the tempting offer.

Wintering in Colorado And Utah. The climate of Colorado and Utah has long been world famous, but it is only within recent years that attention has been given to the delightful winter climate of these states. Today physicians all over the United States send their patients to Colorado and Utah to escape the rigors of eastern winters and to benefit by her invigorating atmosphere and health-giving sunshine.

It is not necessary to add an elaborate argument—the conclusion is self-evident and inevitable. The winter climate of Colorado and Utah on the whole presents advantages for the invalid and the pleasure-seeker that cannot fail to command attention.

An erroneous impression prevails that because the Rocky mountains have a high elevation the mercury in the thermometer drops down below zero in the winter season and stops there, and that the snow mounts up with the altitude. The fact is that the average precipitation of moisture in the lowlands of the mountain region during the entire year is only 14.15 inches. With such average precipitation there is practically no danger of snow blockades on the railroads, save at a few points exposed to drifts and these points have been amply protected. This is especially true of the lines of the Denver & Rio Grande and the Rio Grande Western between Denver and Ogden at all seasons of the year. Facts speak for themselves, and the fact is that travel over "The Scenic Line of the World" has gone on with less interruption from snow blockades during the last ten winters than it has upon the majority of railroads in other localities which are popularly supposed to be more free from such delays than the mountain systems. AN ODD CALLING.

The Professional Business Adviser and His Methods.

One of the oddest of occupations is that of the professional "business adviser." If your affairs are not conducted to your liking, this gentleman for a consideration will station himself in your office in a position to see all that is going on. He will nose into your affairs for a week or longer at your option, at the end of which time he will "be prepared to point out the faults of your system, employees who neglect their duties, wastage of supplies and time, and suggest means of improving, extending and conducting your affairs on a sounder basis."

The words quoted are from this modest gentleman's advertisement. In brief this man, after a week's observation, will undertake to rearrange the most complex office systems "for a consideration" and give you advice "free, gratis, for nothing." As drowning men catch at straws, so do men whose affairs are hopelessly and inextricably muddled grasp at the chance this gentleman holds out to them. The professional "business adviser" has plenty of clients, and nine times out of ten his advice to his employer is to "make an assignment for the benefit of your creditors." It is the safest counsel he can give.—Philadelphia Times.

AN ODD CALLING.

The Professional Business Adviser and His Methods.

One of the oddest of occupations is that of the professional "business adviser." If your affairs are not conducted to your liking, this gentleman for a consideration will station himself in your office in a position to see all that is going on. He will nose into your affairs for a week or longer at your option, at the end of which time he will "be prepared to point out the faults of your system, employees who neglect their duties, wastage of supplies and time, and suggest means of improving, extending and conducting your affairs on a sounder basis."

The words quoted are from this modest gentleman's advertisement. In brief this man, after a week's observation, will undertake to rearrange the most complex office systems "for a consideration" and give you advice "free, gratis, for nothing." As drowning men catch at straws, so do men whose affairs are hopelessly and inextricably muddled grasp at the chance this gentleman holds out to them. The professional "business adviser" has plenty of clients, and nine times out of ten his advice to his employer is to "make an assignment for the benefit of your creditors." It is the safest counsel he can give.—Philadelphia Times.

The Jackpot Defined.

A subscriber asks, "What is a jackpot that I read about once in awhile, and what seems to be the difficulty in getting it open?"

A jackpot is one for properly cooking fish and is especially recommended for suckers. It has a time lock, over the combination of which millions of Americans have burned the midnight oil in vain.—American Thresherman.

1,723,791 OF BIBLES

Distributed at Home and
Abroad by American
Bible Society.

169,663 OVER PREVIOUS YEAR.

Most Notable Leaflet Distributed During the Year President Roosevelt's
Speech on the Bible—Special
Agency for Southern Negroes.

New York, May 9.—The annual meeting of the American Bible society was held at the Bible house yesterday. The eighty-sixth annual report stated that the threatened evils arising from a permanent shrinkage in the support given the society have been arrested.

Fifteen life directors were constituted during the year by the payment of \$150 each, and 263 life members were constituted by the payment of \$30 each. The receipts were \$433,173 and the cash balance at the close of the fiscal year was \$29,329.

Appropriations have been authorized for the foreign work during the current year to an amount not exceeding \$200,000. The total amount of invested funds is \$486,402.

Income From Permanent Funds.
The income from these permanent funds for the year was \$19,595. The total issues of Bibles for the year, at home and abroad, amount to 1,723,791. This is an increase of 169,663 over those of last year. Of these 686,755 were distributed in the United States, not counting the Philippine islands, and 1,037,036 in foreign lands. This means an increase of 63,421 in the foreign field, and 106,242 in the United States. One-half of these issues were manufactured at the Bible house. Of the remainder, a large part were printed in China, Japan, Syria and Turkey.

The total issues of the society in 86 years amount to \$70,677,225. The most notable of the leaflet publications of the year is the address of President Roosevelt on the Bible, of which 80,000 copies have been printed in English and 10,000 in Spanish.

Special Agency Among Negroes.

During this year the society has established a special agency among the colored people of the southern states. The Rev. Dr. J. P. Wragg has been appointed agent at Atlanta, Ga. Under his superintendency colporteurs have been sent out to a number of the southern states, to go from place to place and visit the people at their cabin doors. Special depots have been opened in connection with some of the leading schools for the colored people. The falling off in sales in China is not larger than might have been expected, owing to the Boxer trouble, and Dr. Hykes, with his collaborators, is now sanguine that in the immediate future a very large increase in distribution of the Bible may be expected.

PRESBYTERIANS CELEBRATE

Seventy-Fifth Anniversary of Western Theological Seminary—Most Graduates Get Charges.

Pittsburg, May 9.—The celebration of the seventy-fifth anniversary of the Western Theological seminary began in earnest yesterday morning. Many of the leading ministers and laymen of the synods of Pennsylvania and Ohio came in and were enrolled. There was also a large attendance of the local clergy.

The most interesting event of the morning was the presentation to the seminary of a fine oil painting of the Rev. Dr. James I. Brownson, who had been connected with the board of directors nearly 40 years and was vice president of the board for many years. The speech of presentation was made by the Rev. Dr. Thomas H. Robinson. It was received on behalf of the board of directors in an address by S. P. Harbison, one of the contributors to the picture.

Most Graduates Get Charges.

It was announced that all the members of the graduating class had passed their examinations successfully. Most of the members of the graduating class have received calls to churches on good salaries, and the few remaining without formal calls will be settled soon. The following is the list of the new ministers with their addresses in their new fields of labor:

SCHOOL GIRLS.

'Tis a pretty age—that time in a girl's life when she has all the beauties of womanhood without the later lines of care and worry.

But here and there even among school girls appear pale and drawn faces.

Pale blood is at the bottom of the trouble and Scott's Emulsion can cure it.

Spoke on Work of Alumni.

Instead of having a regular address to the graduating class, as usual, the Rev. Dr. Joseph T. Gibson, historian of the seminary, made an address appropriate to the three-quarter century celebration. He took for his subject, "The Work of the Alumni." The board of directors held the annual meeting yesterday afternoon in the First Presbyterian church, of Allegheny. The Rev. Dr. David S. Kennedy, president, and the Rev. Dr. Edward P. Cowan was secretary. It was reported that the seminary was the only one in the church which had an increase of students last year. The annual banquet of the alumni was held yesterday afternoon. The Rev. Dr. William S. Fulton presided, and several after-dinner addresses were made.

King's Daughters of Pennsylvania.

Philadelphia, May 9.—The seventh annual state convention of King's Daughters opened in this city yesterday. There are 2,000 delegates in attendance. The convention was called to order by Mrs. R. H. Ramsey, state secretary, who delivered an address of welcome. The response was made by Miss Hecht, of Lebanon. The reading of messages from the different circles and the reports of the secretaries and treasurer occupied the attention of the delegates for the greater portion of the day.

MINERS OFFER ARBITRATION.

No Answer From the Operators Had Been Received Last Night.

Seranton, Pa., May 9.—Last night the situation in the threatened strike hanged on answers to come to a proposal of arbitration emanating from yesterday morning's session of the miners' committee.

Telegrams announcing this action were sent to the presidents of the nine big coal carriers and several officers of the Civic Federation.

Yesterday afternoon at 1:30 o'clock the committee met again, pursuant to adjournment, but adjourned inside of half an hour without doing anything. The committee was to meet again this morning at 9 o'clock, when it was expected President Mitchell would have received some answer to the proposal of arbitration.

President Mitchell stated at 9 o'clock last night that no answers had been received and if any should be received it was proposed by him to say nothing of it until after today's committee meeting.

Mitchell Hadn't Heard of It.

When shown a dispatch from New York to the effect that the operators had had a meeting to discuss the arbitration proposition and that they gave out word that it would not be agreed to, Mr. Mitchell said he had heard nothing of such a meeting and that he doubted the accuracy of the information.

Last night a telegram was received through a private source stating that Senator Hanna had declared unequivocally that the report that arbitration had been refused by the operators was not true. One of the telegrams from the miners proposing arbitration was received by Senator Hanna. He communicated by wire with the operators as to what they proposed to do about the matter and had not received a reply up to a late hour last night.

Steubenville men with families are inquiring about houses at Toronto and will go there to live when the trolley cars are running.

Walton Webber, of Columbus, was elected department commander of the Grand Army of Ohio at the state encampment at Lancaster.

The manager of the Mt. Pleasant, Pa., opera house refused to permit the "Crystal Slipper" theatrical company, which was mobbed at East Liverpool, to give a performance.

Jacob Hennis, a Warrenton coal miner, who in a fight with Orville Shannon, bit off a part of Shannon's ear, was sentenced to the penitentiary for 18 months at hard labor.

The old locomotive which hauls the work train on the C. & P. which is building the siding at Empire, was built at the Fort Wayne shops in 1873. Deep grooves are worn in the wheels.

A re-survey of the Wabash extension up the river is reported in progress as a result of the sudden necessity for additional tracks and sidings which the Pennsylvania has found existing between Steubenville and Toronto.

SAMPSON'S FUNERAL TODAY.

Occurred at Church of Covenant, Naval and Military Honors Shown.

Washington, May 9.—The funeral services for Rear Admiral Sampson took place at the Church of the Covenant at 10:30 a. m. today and admission was by card. The battalion of cadets from the academy escorted the remains of the late admiral from the residence to the church. The Sylph fired minute guns as the funeral procession crossed the Aqueduct bridge on its way to Arlington, and the remains were conducted to the grave through a double line of sailors, marines and artillerymen by Rear Admiral Terry and staff and one company of naval cadets, with the Marine band. Full dress uniforms were worn. President Roosevelt and nearly all of the members of his cabinet attended the services at the church.

Salvos were fired over the grave by army artillerymen.

NEURALGYLIN FOR THE NERVES

ARE YOUR NERVES SHATTERED?

Are you on the brink of nervous prostration? Are your nerves all unstrung? Do you feel a general breaking down? It's no wonder! We, Americans, hustle too hard, we work too much and too long, we tax our nerve power to its greatest capacity. Nerves are not iron! They must give way under the great strain. Have yours not already done so? You can tell if yours have by those sleepless, restless nights you have, by those constant headaches you have and by your falling appetite. If you are one of those unfortunate creatures, why don't you try a box of NEURALGYLIN, the great nerve-builder!

IT RELIEVES THE MOST SEVERE CASES OF NEURALGIA AND ALL OTHER NERVE DISORDERS.

I have been a great sufferer from neuralgia. Neuralgylin has effected a permanent cure in my case. Miss E. V. EVANS, Sistersville, W. Va.

Have suffered for over a week with neuralgic pains in the head, unable to sleep and nearly crazed with pain. Thirty minutes after taking one Neuralgylin tablet I was completely cured. Mrs. J. B. SIMS, St. Paul, Minn.

Special Agency Among Negroes.

During this year the society has es-
tablished a special agency among the
colored people of the southern states.
The Rev. Dr. J. P. Wragg has been
appointed agent at Atlanta, Ga. Under
his superintendency colporteurs
have been sent out to a number of
the southern states, to go from place
to place and visit the people at their
cabin doors. Special depots have
been opened in connection with some
of the leading schools for the colored
people. The falling off in sales in
China is not larger than might have
been expected, owing to the Boxer
trouble, and Dr. Hykos, with his co-
laborers, is now sanguine that in the
immediate future a very large in-
crease in distribution of the Bible
may be expected.

PRESBYTERIANS CELEBRATE

Seventy-Fifth Anniversary of Western
Theological Seminary—Most
Graduates Get Charges.Pittsburg, May 9.—The celebration
of the seventy-fifth anniversary of the
Western Theological seminary began
in earnest yesterday morning. Many
of the leading ministers and laymen
of the synods of Pennsylvania and
Ohio came in and were enrolled.
There was also a large attendance of
the local clergy.The most interesting event of the
morning was the presentation to the
seminary of a fine oil painting of the
Rev. Dr. James I. Brownson, who had
been connected with the board of di-
rectors nearly 40 years and was vice
president of the board for many
years. The speech of presentation
was made by the Rev. Dr. Thomas H.
Robinson. It was received on behalf
of the board of directors in an ad-
dress by S. P. Harbison, one of the
contributors to the picture.

Most Graduates Get Charges.

It was announced that all the mem-
bers of the graduating class had
passed their examinations success-
fully. Most of the members of the
graduating class have received calls
to churches on good salaries, and the
few remaining without formal calls
will be settled soon. The following
is the list of the new ministers with
their addresses in their new fields of
labor:

SCHOOL GIRLS.

'Tis a pretty age—that time
in a girl's life when she has all
the beauties of womanhood
without the later lines of care
and worry.But here and there even
among school girls appear pale
and drawn faces.Pale blood is at the bottom
of the trouble and Scott's
Emulsion can cure it.Scott's Emulsion brings
back the beauty to pale girls
because it is blood food.

Spoke on Work of Alumni.

Instead of having a regular address
to the graduating class, as usual, the
Rev. Dr. Joseph T. Gibson, historian of
the seminary, made an address ap-
propriate to the three-quarter cen-
tury celebration. He took for his
subject, "The Work of the Alumni."The board of directors held the an-
nual meeting yesterday afternoon in
the First Presbyterian church, of Al-
legheny. The Rev. Dr. David S. Ken-
nedy, president, and the Rev. Dr. Ed-
ward P. Cowan was secretary. It
was reported that the seminary was
the only one in the church which had
an increase of students last year.
The annual banquet of the alumni
was held yesterday afternoon. The
Rev. Dr. William S. Fulton presided,
and several after-dinner addresses
were made.

King's Daughters of Pennsylvania.

Philadelphia, May 9.—The seventh
annual state convention of King's
Daughters opened in this city yester-
day. There are 2,000 delegates in at-
tendance. The convention was called
to order by Mrs. R. H. Ramsey, state
secretary, who delivered an address
of welcome. The response was made
by Miss Hecht, of Lebanon. The
reading of messages from the differ-
ent circles and the reports of the
secretaries and treasurer occupied
the attention of the delegates for the
greater portion of the day.

MINERS OFFER ARBITRATION.

No Answer From the Operators Had
Been Received Last
Night.Scranton, Pa., May 9.—Last night
the situation in the threatened strike
hanged on answers to come to a pro-
posal of arbitration emanating from
yesterday morning's session of the
miners' committee.Telegrams announcing this action
were sent to the presidents of the
nine big coal carriers and several of-
ficers of the Civic Federation.Yesterday afternoon at 1:30 o'clock
the committee met again, pursuant
to adjournment, but adjourned inside
of half an hour without doing any-
thing. The committee was to meet
again this morning at 9 o'clock, when
it was expected President Mitchell
would have received some answer to
the proposal of arbitration.President Mitchell stated at 9
o'clock last night that no answers
had been received and if any should
be received it was proposed by him
to say nothing of it until after to-
day's committee meeting.

Mitchell Hadn't Heard of It.

When shown a dispatch from New
York to the effect that the operators
had had a meeting to discuss the ar-
bitration proposition and that they
gave out word that it would not be
agreed to, Mr. Mitchell said he had
heard nothing of such a meeting and
that he doubted the accuracy of the
information.Last night a telegram was received
through a private source stating that
Senator Hanna had declared unquali-
fiedly that the report that arbitration
had been refused by the operators
was not true. One of the telegrams
from the miners proposing arbitra-
tion was received by Senator Hanna.
He communicated by wire with the
operators as to what they proposed
to do about the matter and had not
received a reply up to a late hour last
night.

SAMPSON'S FUNERAL TODAY.

Occurred at Church of Covenant,
Naval and Military Honors
Shown.Washington, May 9.—The funeral
services for Rear Admiral Sampson
took place at the Church of the Cove-
nant at 10:30 a. m. today and admis-
sion was by card. The battalion of
cadets from the academy escorted
the remains of the late admiral from
the residence to the church. The
Sylph fired minute guns as the
funeral procession crossed the Aque-
duct bridge on its way to Arlington,
and the remains were conducted to
the grave through a double line of
sailors, marines and artillerymen by
Rear Admiral Terry and staff and
one company of naval cadets, with
the Marine band. Full dress uni-
forms were worn. President Roose-
velt and nearly all of the members
of his cabinet attended the services
at the church.Salvos were fired over the grave by
army artillerymen.

NEURALGYLINE
FOR THE
NERVES

ARE YOUR NERVES SHATTERED?
Are you on the brink of nervous prostration? Are your nerves
all unstrung? Do you feel a general breaking down? It's no wonder!
We Americans hustle too hard, we work too much and too long, we
tax our nerve power to its greatest capacity. Nerves are not iron! They
must give way under the great strain. Have yours not already done so?
You can tell if you have by those sleepless, restless nights you have,
by those constant headaches you have and by your failing appetite.
If you are one of those unfortunate creatures, why don't
you try a box of NEURALGYLINE, the great nerve-
builder!

Protests are pouring in upon the Ohio senate, asking a reconsideration of its action in passing a bill relieving railroad companies from the necessity of maintaining electric lights at crossings. The excuse that these lights interfered with the movement of trains because they made it difficult and often impossible for engineers to see the signal lights, now seems to have been only a blind to conceal the real motive, which was to saddle the cost of maintaining such lights on the municipalities and thereby save to the railroads themselves an aggregate amount of about a million dollars a year. It is highly important to the public, if not to the railroads, that grade crossings be lighted. The demand for a reconsideration of the bill appears well founded.

A rival road having proposed to run an express train between New York and Chicago on an 18-hour schedule, the Pennsylvania goes it one better and announces its intention of doing the same thing in 17 hours. When Santos Dumont can beat this record for 964 miles he will be entitled to boast about success as a flyer.

A Cleveland pastor has espoused the cause of the Sunday ball players. He may think he is standing up for the cause of righteousness, but it would be difficult for him to produce any scriptural authorities for his position.

The Youngstown Vindicator is not satisfied with the renomination of Hon. R. W. Tayler for congress. Fortunately for its interests, the Eighteenth district does not choose representatives to suit Democratic newspapers.

It seems strange for London to become excited over a shipping combination embracing the paltry sum of \$120,000,000. What would happen if they had a few billion dollar trusts over there?

Prof. A. D. F. Hamlin, of Columbia university, in an article in the Forum, resting on observation in many lands, makes the assertion that, as regards clean streets, Americans are the most untidy people among the great nations of the earth. If misery loves company, East Liverpool can find lots of it. New York, in the professor's opinion, in dirt and squalor is rivaled only by Constantinople, in the land of the unspeakable Turk. Untidiness is such a characteristic of American cities as to be a disgrace to our civilization. Certainly the organizations which have been formed in many cities for the purpose of remedying this condition of affairs merit all possible encouragement in their Herculean undertaking.

There have been violent volcanic eruptions on one of Uncle Sam's recently acquired islands, affording an opportunity for the ants to rise up and howl about the annexation of trouble.

The hospital project is again moving forward. There are few persons in the city who cannot do something to help it along, and all should help.

The success of the Scottish Refor-

mation entertainment last night proved the assertion of a recent arrival that East Liverpool has "amateurs who can hact."

Skiho castle missed a good thing in not having a representative here yesterday.

OBITUARY

Charles Powell.

The funeral services over the remains of Charles Powell, who died Wednesday evening, will be held tomorrow morning at 8:30 o'clock, at St. Aloysius' church, interment at the Catholic cemetery. Mr. Powell was a brother of John Powell, of Third street, who died just eight days before. Had he lived until tomorrow he would have been 51 years old. He was born in England and came to this city when quite young. He has been employed in the potteries most of his life, and for 30 years had been a kilnman. He is survived by a wife and five children.

BRILLIANT FUNCTION

An Enjoyable Musicales Given by Mrs. John C. Thompson Yesterday.

Mrs. John C. Thompson, noted for her gracious hospitality, gave a most pleasing and enjoyable musicale yesterday afternoon. It was perhaps the first formal event of the kind in this city. The handsome home, "The Lyndens," was artistically decorated. Nowling's orchestra in the reception hall played sweet music prior to the beginning of the program.

The program included "Come, Dorothy, Come," by Mrs. Healy, Taylor Macrum and Thompson; nocturne, Prof. Hatch; duet, "On the River," Mrs. Healy and Mrs. Thompson; violin solo, Prof. Nowling; "Annie Laurie," quartet; solo, "Loving Hearts at Home," Mrs. Collier; cornet solo, Aug. Diers; lullaby, quartet; solo, "For All Eternity," Mrs. Thompson; "Blue Bells of Scotland," quartet, besides orchestral selections.

Mrs. Collier, who sang for the first time in this city, showed superior musical training. Mrs. Thompson sang in an inimitable manner and responded with an encore, "Mighty Lak a Rose." All the solos, vocal and instrumental, were greatly enjoyed.

After the music choice refreshments were served by a Steubenville caterer. Fifty guests were entertained yesterday and an equal number today, cards being the diversion.

LOCAL BOWLERS DOWNED

East Liverpool Team Outplayed by the Wellsville Boys.

The East Liverpool bowling team lost two out of three games played with Captain Shingler's aggregation at Wellsville on the Campbell alleys last night. The games were hotly contested and much excitement prevailed among the spectators. The individual scores made were as follows:

East Liverpool—Craig, 135, 163, 124, Russell, 118, 116, 132; Evanitcka, 163, 149; Rigby, 114, 181, 151; Clark, 159, 200, 151. Total, 2,219.

Shingler's team—Athen, 208, 165, 181; Shingler, 126, 153, 188; Evans, 155, 147, 129; Hall, 124, 176, 167; Harsha, 163, 172, 137. Total, 2,391.

NEW GUARD NAMED

F. F. Conser, of This County, Gets a Position—Predecessor's Exciting Experience.

Columbus, May 9.—(Special)—The board of managers of the Ohio penitentiary have appointed Fred F. Conser, of Hanover township, Columbiana county, guard at the institution, to succeed Sheridan J. Temple, of Hanover, resigned. Representative Crist recommended the appointment. Conser served in the civil war and is a retired farmer. He was twice a candidate for the Republican nomination for sheriff. His new position pays \$65 per month. If a bill which has passed the house becomes a law, the salary of the penitentiary guards will be increased \$10 per month.

Temple resigned about two months ago. He served several terms as a guard and had several thrilling experiences. Once he was attacked by several desperate convicts, and shot one of his assailants in the foot. He shot another dead and kept the others at bay until help came.

BROTHERHOOD CONVENTION

Some Red Hot Arguments.

Trenton, May 6.—A solid delegation representing the various craftsmen among our potters, arrived at headquarters in due time. There was more or less caucusing by the various tradesmen, who seemed to be in the best of spirits, prior to convening the meeting of the general body at the convention hall. The various rolls of delegates were called, after which the Trenton operatives, in company with the mayor of the city, tendered to the visitors a cordial greeting. The snap-shot fiend with his paraphernalia of flash light and camera was on hand to catch a good picture of those assembled. Well, he accomplished that in fine style, and particularly those from East Liverpool. In fact, it created somewhat of a jealousy on the part of the other fellows, and it took them some time to find out the reason why. After some discussion about the picture, etc., one of the East Liverpool boys came to the rescue with an explanation, for which the writer of this article feels very much complimented. In substance he stated that their fine pictures were due to a great extent to knowing how to dress for the occasion, and to the efforts of STEINFELD & VINEY to supply their customers with the very latest styles of clothing and gents' furnishings.

Some very good stories are told of the impression made upon those who attend for the first time the very high church Episcopal service, with its elaborate ritual and its extraordinary musical features, at the Church of St. Mary the Virgin. The reply of a very prominent Catholic priest when asked by the friend who had taken him there how he liked the service, "Well, really, I prefer the simple ritual of my own church," is a current story at the clubs. Even more amusing was the comment of the elderly Scotchwoman whose relatives said to her as they were leaving after the service: "Well, Aunt Janet, did you enjoy the service?"

"A' weel," said Janet in response, "it's vera interestin', but what a w'y to spend the Sabbath!"—New York Times.

A Wrestle With German.

An estimable woman of Milwaukee is an earnest member of a local German class, but her method of pronouncing some of the words, at least in one specific instance, aroused the mirth of her companions. At a recent meeting of the class one of the questions in the day's exercise was, "Are you not glad that you are able to learn German?" This query was in the foreign language, and the answer was, "Ja, gewiss," meaning, "Yes, certainly." It so happened that this particular woman was called up to read the question and answer. She got through the question all right, but convulsed the class by reading the answer this way, "Ya; gee whis?"

Protests are pouring in upon the Ohio senate, asking a reconsideration of its action in passing a bill relieving railroad companies from the necessity of maintaining electric lights at crossings. The excuse that these lights interfered with the movement of trains because they made it difficult and often impossible for engineers to see the signal lights, now seems to have been only a blind to conceal the real motive, which was to saddle the cost of maintaining such lights on the municipalities and thereby save to the railroads themselves an aggregate amount of about a million dollars a year. It is highly important to the public, if not to the railroads, that grade crossings be lighted. The demand for a reconsideration of the bill appears well founded.

A rival road having proposed to run an express train between New York and Chicago on an 18-hour schedule, the Pennsylvania goes it one better and announces its intention of doing the same thing in 17 hours. When Santos Dumont can beat this record for 964 miles he will be entitled to boast about success as a flyer.

A Cleveland pastor has espoused the cause of the Sunday ball players. He may think he is standing up for the cause of righteousness, but it would be difficult for him to produce any scriptural authorities for his position.

The Youngstown Vindicator is not satisfied with the renomination of Hon. R. W. Taylor for congress. Fortunately for its interests, the Eighteenth district does not choose representatives to suit Democratic newspapers.

It seems strange for London to become excited over a shipping combination embracing the paltry sum of \$120,000,000. What would happen if they had a few billion dollar trusts over there?

Prof. A. D. E. Hamlin, of Columbia university, in an article in the Forum, resting on observation in many lands, makes the assertion that, as regards clean streets, Americans are the most untidy people among the great nations of the earth. If misery loves company, East Liverpool can find lots of it. New York, in the professor's opinion, in dirt and squalor is rivaled only by Constantinople, in the land of the unspeakable Turk. Untidiness is such a characteristic of American cities as to be a disgrace to our civilization. Certainly the organizations which have been formed in many cities for the purpose of remedying this condition of affairs merit all possible encouragement in their Herculean undertaking.

There have been violent volcanic eruptions on one of Uncle Sam's recently acquired islands, affording an opportunity for the ants to rise up and howl about the annexation of trouble.

OBITUARY

Charles Powell.

The funeral services over the remains of Charles Powell, who died Wednesday evening, will be held tomorrow morning at 8:30 o'clock, at St. Aloysius' church, interment at the Catholic cemetery. Mr. Powell was a brother of John Powell, of Third street, who died just eight days before. Had he lived until tomorrow he would have been 51 years old. He was born in England and came to this city when quite young. He has been employed in the potteries most of his life, and for 30 years had been a kilnman. He is survived by a wife and five children.

BRILLIANT FUNCTION

An Enjoyable Musicales Given by Mrs. John C. Thompson Yesterday.

Mrs. John C. Thompson, noted for her gracious hospitality, gave a most pleasing and enjoyable musicale yesterday afternoon. It was perhaps the first formal event of the kind in this city. The handsome home, "The Lyndens," was artistically decorated. Nowling's orchestra in the reception hall played sweet music prior to the beginning of the program.

The program included "Come, Dorothy, Come," by Mrs. Healy, Taylor Macrum and Thompson; nocturne, Prof. Hatch; duet, "On the River," Mrs. Healy and Mrs. Thompson; violin solo, Prof. Nowling; "Annie Laurie," quartet; solo, "Loving Hearts at Home," Mrs. Collier; cornet solo, Aug. Diers; lullaby, quartet; solo, "For All Eternity," Mrs. Thompson; "Blue Bells of Scotland," quartet, besides orchestral selections.

Mrs. Collier, who sang for the first time in this city, showed superior musical training. Mrs. Thompson sang in an inimitable manner and responded with an encore, "Mighty Lak a Rose." All the solos, vocal and instrumental, were greatly enjoyed.

After the music choice refreshments were served by a Steubenville caterer. Fifty guests were entertained yesterday and an equal number today, cards being the diversion.

LOCAL BOWLERS DOWNED

East Liverpool Team Outplayed by the Wellsville Boys.

The East Liverpool bowling team lost two out of three games played with Captain Shingler's aggregation at Wellsville on the Campbell alleys last night. The games were hotly contested and much excitement prevailed among the spectators. The individual scores made were as follows:

East Liverpool—Craig, 135, 163, 124, Russell, 118, 116, 132; Evanitcka, 163, 163, 149; Rigby, 114, 181, 151; Clark, 159, 200, 151. Total, 2,219.
Shingler's team—Athen, 208, 165, 181; Shingler, 126, 153, 188; Evans, 155, 147, 129; Hall, 124, 176, 167; Harsha, 163, 172, 137. Total, 2,391.

NEW GUARD NAMED

F. F. Conser, of This County, Gets a Position—Predecessor's Exciting Experience.

Columbus, May 9.—(Special)—The board of managers of the Ohio penitentiary have appointed Fred F. Conser, of Hanover township, Columbiana county, guard at the institution, to succeed Sheridan J. Temple, of Hanover, resigned. Representative Crist recommended the appointment. Conser served in the civil war and is a retired farmer. He was twice a candidate for the Republican nomination for sheriff. His new position pays \$65 per month. If a bill which has passed the house becomes a law, the salary of the penitentiary guards will be increased \$10 per month.

Temple resigned about two months ago. He served several terms as a guard and had several thrilling experiences. Once he was attacked by several desperate convicts, and shot one of his assailants in the foot. He shot another dead and kept the others at bay until help came.

WELLSVILLE

FILLS TO BE MADE

And Clark Avenue and Danbury Street Made Passable.

A committee composed of Councilmen Shoub, Weaver and McLain, in company of Contractor Harrison Rinehart, at noon yesterday investigated the bad condition of Clark avenue and Danbury street. It was found necessary to have a few fills made to place the thoroughfares in condition for heavy vehicles to pass from Eighteenth street to the brick works. Contractor Rinehart wishes to haul brick from the Vulcan brick works to Commerce street where a force of men are paving the street. He made a proposition to the committee to place the street in a passable condition at a cost not to exceed \$10. The proposition was accepted and today Mr. Rinehart has placed a few men at work on the street.

THE FERRY DISPUTE

The Whole Matter Is Being Canvassed By Court Today.

The recent order of supersedeas issued by Judge Hervey against Samuel B. Goucher, of Toronto, and others who own the ferry boat Emily, may be recalled by the judge today.

This afternoon an investigation in the matter will be made before Judge Hervey in the common pleas court at New Cumberland. The owners of the ferry boat and Watson S. Johnston, with attorneys for both sides of the case, will be present. Mr. Johnston will be asked by the judge to show cause why he has interfered with the operation of the boat.

DOG JUMPED ON HIM

And a Wellsville Lad Had His Leg Broken as a Result.

William Leach, aged six years, a son of Park Leach, had his right leg broken yesterday afternoon while at play in his father's saloon near Main and Third streets. The boy was leading his dog up the cellar steps, when the animal suddenly turned and jumped down the stairs again, taking the boy with him. The boy's father heard his cries and ran to his assistance. Upon investigation at the office of Dr. F. K. Hutcherson it was found that the right leg had been broken between the hip and the knee.

SAYS SHE WAS ROBBED

Mrs. Libbie Burnfield Out of Jail, but in an Angry Mood.

Mrs. Libbie Burnfield, who was released from the city jail yesterday, having arranged for the payment of her fine, went to New Cumberland yesterday in search of Mrs. Emma Call, who, she stated, had in her absence stolen all her clothing and gone away to Cumberland.

Mrs. Burnfield returned minus the clothing and in a very angry frame of mind because she had been unable to locate Mrs. Call.

Freight Car Derailed.

A freight car was derailed this morning at 8 o'clock on the new Champion brick works switch. The East Liverpool switch engine No. 693 was engaged in pushing two box cars up the switch when one of them became derailed directly across the street railway tracks, and passengers were compelled to transfer. Inside of 40 minutes the track was cleared.

The Rose.

At all times the rose has enjoyed peculiar favor as a sacred flower. Mohammedan tradition says that when Saladin captured Jerusalem he refused to enter the shrine of the temple which had been converted into a church by the Crusaders till the walls had been thoroughly cleansed and purified with rosewater. A similar story is told of the Church of St. Sophia, at Constantinople, when transformed from a Christian place of worship to a Mohammedan mosque. The origin of the rose, according to Moslem tradition, is that the blood of the prophet sprang into new life in this glorious crimson flower. To this day when a Turk sees a rose lying on the ground he will raise it tenderly, kiss it reverently and deposit the frail blossom in some place of safety.

Beards in Old Russia.

The Russians had an old law by which any one who drew hair from another's beard should be fined four times as much as for cutting off a finger, and the importance and value of the appendage are further illustrated by the fact that, although the loss of a leg was estimated at 12 shillings, the loss of the beard was estimated at 20.—London Globe.

DOUBLE TRACKING

WILL PROCEED ON THE ROCK SPRINGS LINE.

Council Rescinds Former Action—Police Chief's Salary Raised.

The East Liverpool & Rock Springs Street Railway company is now ready to double track its road and work began this morning. Although Mayor John Shrader tried to prevent the move, his influence did not hold out with all of the councilmen. At the council meeting last evening, after a motion was passed to reconsider the action taken by council last Thursday another motion was put through, after the ordinance granted by the county court had been read, to allow the street railway company to proceed with the double tracking of the road. Manager Maxwell, of the Rock Springs park, presented to the councilmen the original plat of the street railway line which proved the right of the street railway company to double track.

If the action had not been taken by council the town would have had to pay the expense of a heavy law suit, as the management of the Rock Springs line intended to double track regardless of any action on the part of the village council.

Councilmen Hough, Weiss, Wetzel and Mercer, who had thoroughly investigated the rights of the street car line, voted for it to go ahead with the double tracking, while Johnston, Riley and Shrader voted against it.

The street car company has agreed to pave between the tracks at such a time as the council sees fit to pave any streets over which the line runs.

Other business included the presentation of a plat showing all of the different streets laid out and grades established. Council by request accepted the plat.

Two bills from Risinger Bros., of East Liverpool, for street lights and labor were presented and discussed. They were laid over for investigation.

Thomas Cochran, representing the Republican central committee, asked council its opinion relative to laying out town out in wards. Some were favorably inclined and others opposed. No action was taken.

Mayor Shrader read a letter from Chief Hiram Allison again asking them to raise his salary, now \$35 per month. Mr. Shrader seemed favorably inclined and Allison's salary was raised to \$45, with the understanding that he enforce every ordinance of the town to the letter and report to Risinger Bros. if anything goes wrong with any of the street lights.

'Tis a Good Well.

In the Turkeyfoot extension in Hancock county, E. A. Freshwater & Sons have drilled in their No. 2, on the Carson Bros.' farm, and have a showing of a 25 barrel producer.

A new building is being erected in Rock Springs park opposite the shooting gallery for use as a candy kitchen, in which candy is to be manufactured. A man from New Brighton will have charge of the stand.

PELLETS OF SNOW.

How They Fling and Drift in the Adirondack Region.

On a good drifting day in the Adirondacks the snow comes not in the star shaped flakes that look so pretty when portrayed on a page of the dictionary, but in small pellets. These pellets are in shape like tiny white footballs usually, and they come rolling and tumbling down wind as if they had been "kicked for fair" by the half-back gods of the gale. And yet while they roll and tumble and bound they find lodging places, and as the idler gazes he sees them pile up in a wall on the crest of the road cut. Higher and higher grows the pile, forming at first a vertical wall, but before this has risen three inches it is seen to overhang the gully.

Tough round and easily rolled, these pellets in some way fit to each other as bricks would, until the overhang is perhaps a fifth as great as the elevation of the wall, and then, marvelous and impossible as it would seem to the unaccustomed observer, a lip forms on the crest of the wall, and soon it begins to droop and hang down. Wider and longer it grows, farther and farther in droops, until its shape is precisely like the lip formed on a huge wave when it breaks on a shoal water beach. Lips that are ten feet wide and hang down three feet clear of all, though but six or eight inches thick where they join the chin of the wall, are not uncommon. By what magic is it that these frozen, oblong pellets that go bounding along as merrily as footballs form into such a shape as that? Of course if the storm continues a time usually comes when the lips break off because of their great weight. And then no new lip forms to replace the lost one. The snow merely drops over into the lee of the wall and gradually fills the cutting.—Scribner's.

THE PHALANX.

Its Formation in the Military Methods of Ancient Greece.

A phalanx in the military affairs of Greece was a square battalion or body of soldiers formed in ranks and files compact and deep with their shields joined and pikes crossing each other so as to render it almost impossible to break it. At first the phalanx consisted of 4,000 men, but this number was afterward doubled by Philip of Macedon, and the double phalanx is hence often called the Macedonian phalanx. Polybius describes it thus:

"It was a square of pikemen, consisting of 16 in flank and 500 in front. The soldiers stood so close together that the pikes of the fifth rank extended three feet beyond the front. The rest, whose pikes were not serviceable owing to their distance from the front, couched them upon the shoulders of those who stood before them and so

locking them together in file, pressed forward to support and push on the former rank, by which means the assault was rendered more violent and irresistible." The spears of those behind also stopped the missiles of the enemy. Each man's pike was twenty-three feet long. The word phalanx is also used for any combination of people distinguished for solidity and firmness. A grand phalanx consisted of 16,384 men.

Only Amused Them.

James had been an autocrat in his home, and when he went to school he was greatly astounded to be told that he must do this thing and that he must not do that. After disobeying every rule of the school and being reproved he wanted to know the "whys" of it. "Because you disturb the other boys," he was told. "I don't think I disturb them," he replied thoughtfully. "I think I amuse them."—New York Press.

FILLS TO BE MADE

And Clark Avenue and Danbury Street Made Passable.

A committee composed of Councilmen Shoub, Weaver and McLain, in company of Contractor Harrison Rinehart, at noon yesterday investigated the bad condition of Clark avenue and Danbury street. It was found necessary to have a few fills made to place the thoroughfares in condition for heavy vehicles to pass from Eighteenth street to the brick works. Contractor Rinehart wishes to haul brick from the Vulcan brick works to Commerce street where a force of men are paving the street. He made a proposition to the committee to place the street in a passable condition at a cost not to exceed \$10. The proposition was accepted and today Mr. Rinehart has placed a few men at work on the street.

The Rose.

At all times the rose has enjoyed peculiar favor as a sacred flower. Mohammedan tradition says that when Saladin captured Jerusalem he refused to enter the shrine of the temple which had been converted into a church by the Crusaders till the walls had been thoroughly cleansed and purified with rosewater. A similar story is told of the Church of St. Sophia, at Constantinople, when transformed from a Christian place of worship to a Mohammedan mosque. The origin of the rose, according to Moslem tradition, is that the blood of the prophet sprang into new life in this glorious crimson flower. To this day when a Turk sees a rose lying on the ground he will raise it tenderly, kiss it reverently and deposit the frail blossom in some place of safety.

Beards in Old Russia.

The Russians had an old law by which any one who drew hair from another's beard should be fined four times as much as for cutting off a finger, and the importance and value of the appendage are further illustrated by the fact that, although the loss of a leg was estimated at 12 shillings, the loss of the beard was estimated at 20.—London Globe.

What Hit Him.

Some years ago, while a gentleman was walking from St. James' park to Pall Mall on a bright afternoon in summer, he suddenly received a blow on the shoulder which caused him to stumble, and at the same time he heard a loud, crackling noise. On recovering he looked around for his assailant, but there was nobody visible except a policeman, who was many yards away.

When the gentleman reached home, his shoulder was examined, but no injury could be found to account for the pain in it. Soon afterward the servant, who had taken away his master's outdoor coat to brush it, brought back the garment and pointed out that the nap on the shoulder was pressed flat as if a hot wire had been drawn across it. Everything, in fact, pointed to the probability that the wearer had been struck by a meteor.

The incident might well be used as a blackboard lesson for children—aye, and for some grownup children, too—who imagine that "shooting stars" only shoot in the dark.—Chambers' Journal.

Naming the Child.

Now, necessarily when the new girl baby arrived there was much discussion among the members of the family as to what her name should be.

"We will call her Geraldina," said the fond mother.

"Why not call her Esmeralda?" said the first grandmother. "I saw that name in a story once and always wanted to try it on a baby."

"Oh, murmured the second grandmother, "that would never do. Let us call her Fanchon."

"But don't you think Eltesa is a pretty name, and so odd, too?" put in one of the aunts.

"Excuse me, ladies," ventured the poor father, who sat near by, "but you seem to forget that we are trying to find a name for a human being and not for a five cent cigar."—Baltimore American.

DOUBLE TRACKING

WILL PROCEED ON THE ROCK SPRINGS LINE.

Council Rescinds Former Action—Police Chief's Salary Raised.

The East Liverpool & Rock Springs Street Railway company is now ready to double track its road and work began this morning. Although Mayor John Shrader tried to prevent the move, his influence did not hold out with all of the councilmen. At the council meeting last evening, after a motion was passed to reconsider the action taken by council last Thursday another motion was put through, after the ordinance granted by the county court had been read, to allow the street railway company to proceed with the double tracking of the road. Manager Maxwell, of the Rock Springs park, presented to the councilmen the original plat of the street railway line which proved the right of the street railway company to double track.

If the action had not been taken by council the town would have had to pay the expense of a heavy law suit, as the management of the Rock Springs line intended to double track regardless of any action on the part of the village council.

Councilmen Hough, Weas, Wetzel and Mercer, who had thoroughly investigated the rights of the street car line, voted for it to go ahead with the double tracking, while Johnston, Riley and Shrader voted against it.

The street car company has agreed to pave between the tracks at such a time as the council sees fit to pave any streets over which the line runs.

Other business included the presentation of a plat showing all of the different streets laid out and grades established. Council by request accepted the plat.

Two bills from Risinger Bros., of East Liverpool, for street lights and labor were presented and discussed. They were laid over for investigation.

Thomas Cochran, representing the Republican central committee, asked council its opinion relative to laying out town out in wards. Some were favorably inclined and others opposed. No action was taken.

Mayor Shrader read a letter from Chief Hiram Allison again asking them to raise his salary, now \$35 per month. Mr. Shrader seemed favorably inclined and Allison's salary was raised to \$45, with the understanding that he enforce every ordinance of the town to the letter and report to Risinger Bros. if anything goes wrong with any of the street lights.

'Tis a Good Well.

In the Turkeyfoot extension in Hancock county, E. A. Freshwater & Sons have drilled in their No. 2, on the Carson Bros' farm, and have a showing of a 25 barrel producer.

Agreement Formed by Shipping Combine—Provides For Merger of Several Lines.

London, May 9.—The Associated Press has secured copies of the shipping combine agreements. They are called 'Provisional agreements for the purpose of the acquisition, on or before Dec. 31, 1902, of the White Star, Dominion, American and Atlantic transport lines, to be organized under the direction of the vendors, to the satisfaction of the bankers, namely, the Morgans, under the laws of the state of New York or such other state as shall be selected.'

The vendors, Ismay, Imrie & Co., Mills & Co. (Dominion line), and Messrs. Widener, Griscorn and Bernard Baker, receive, as consideration for all their capital stock, \$120,000,000, of which \$60,000,000 is preferred stock, cumulative at 6 per cent, and \$60,000,000 common stock, limited to 10 per cent, and also \$50,000,000 in collateral trust 4½ per cent debentures.

White Star Acquisition.
The White Star line's acquisition is antedated to Jan. 1, 1901, the combine, or corporation, as it is termed, taking all the line's profits from that date. The White Star line shares are exchanged on the basis of 10 times the net profits made by that line in 1901.

The arrangement made with the Dominion line is similar to that made with the White Star line, but on the net profits for 1900.

The American and Transport lines are lumped in one valuation at \$34,158,000, subject to \$19,686,000 of the

American line's 5 per cent bonds. The Leyland line is valued at \$11,736,000.

The method of payment is as follows: White Star line, 25 per cent cash, 75 per cent preferred at par, and 37½ per cent of the total amount in common at par. The Dominion line payment is the same, and the American and Transport lines get between them \$18,314,000 in preferred, \$915,700 in common, \$15,844,000 in cash and such further cash as may be required, at a rate not exceeding 6 per cent. The Leyland line gets \$11,736,000 cash and the remainder in capital stock, and the bonds go to the vendors, who, however, contribute to the corporation, as working capital, \$786,000 in preferred and \$6,643,000 in common stock, and "are to transfer it to the syndicate if and when formed by the bankers, viz.: the Morgans, for \$50,000,000 cash, and in full payment for its services the said \$50,000,000 in debentures and also \$2,500,000 in preferred and \$25,000,000 in common stock."

May Decline Any Line.
It is provided that the corporation may take or decline to take any of the lines of which less than three-fourths of their interest shall be delivered by Dec. 31, 1902. The exclusion of one line does not affect the agreement with the others. The vendors agree to use their best efforts to deliver the necessary three-fourths of their companies' stocks. The agreements would have been broken had not the Morgans formed the original syndicate of \$50,000,000 cash prior to April 30, 1902.

Volcanic Disturbances Wipe Out St. Pierre, Martinique—Shipping Also Destroyed.

St. Thomas, D. W. I., May 9.—The British steamer Roddam, Captain Freeman, which left St. Lucia on Wednesday for Martinique, returned there at 5 o'clock yesterday afternoon, bringing a report that the town of St. Pierre, Martinique, has been totally destroyed by volcanic disturbances in the island. Almost all the inhabitants of St. Pierre are said to have been killed. The Roddam reports that all the shipping in the port has also been destroyed. The Quebec Steamship company's steamer Roraima is mentioned as lost, with all on board.

The Roddam was almost completely wrecked. Her captain was seriously burned and 17 of her crew are dead.

Bill Up In House—Resolution Over Sampson's Death Adopted.

Washington, May 9.—The bill to place three new stars in the American flag had the right of way again yesterday in the house. General debate, the feature of which was an extended speech by Mr. Grosvenor, of Ohio, in opposition to the measure, was closed at 3 o'clock, and the bill was then read for amendment under the five-minute rule.

During the day a resolution expressive of the regret of the house over the death of Rear Admiral Sampson was adopted. A committee of seven members was appointed to attend his funeral.

NOVELIST MURDERED.

Paul Leicester Ford Killed by His Brother, Malcolm Ford, the Athlete.

MURDERER THEN SUICIDED.

Believed That the Awful Double Crime Was Committed While Malcolm Was Suffering From Temporary Mental Aberration.

New York, May 9.—Paul Leicester Ford, the novelist, was shot and killed yesterday by his brother, Malcolm Webster Ford, writer and athlete, who immediately sent a bullet into his own breast, dying instantly. The shooting occurred at 10:20 a. m., in the handsome new mansion which Paul Leicester Ford had built at 37 East Seventy-seventh street and had occupied for about a year.

At the time of the shooting there were in the house, besides the two brothers, Mrs. Paul Leicester Ford, Miss Elizabeth R. Hall, the novelist's secretary, and the servants. The novelist was sitting at his desk in one corner of his library, a large, attractively appointed room at the back of the house, on the second floor. It is supposed he was busily engaged at some literary task. Miss Hall was at her desk in another corner of the room, about 30 feet from Mr. Ford. Mrs. Paul Leicester Ford was in her own room at the front of the house, on the third floor.

Fatal Conversation Unheard.

Malcolm W. Ford called, as he often had done, and went to his brother at his desk. Words were exchanged in a tone so low that Miss Hall could not hear what was said, though she says that possibly she might have distinguished the words if she had been paying any attention to this particular meeting of the brothers. Suddenly there was a revolver shot and Miss Hall, jumping up, darted from the room. Then, according to the statements of the police, Miss Hall said to herself that she must act more bravely and re-enter the library.

Meanwhile Malcolm Ford had called her. As she turned towards him he placed his revolver to his heart, fired and fell, dying instantly. When Miss Hall turned to look at Paul he was still standing at his desk, but rapidly losing strength. She helped him to a sofa and then ran next door for Mr. Paul Ford's physician, Dr. Emanuel Baruch. In less than five minutes Dr. Baruch arrived and the dying man, still conscious, was carried up to a room beside his wife's and placed on his bed. He spoke to his wife and asked the doctor for his opinion, showing that he expected death and was going to meet it calmly and bravely. A few moments later, about 20 minutes after he was shot, Mr. Ford died.

Believed Temporarily Insane.

Edward Kidder, Mrs. Ford's father who was sent for, refused to make any statement in regard to the shooting except a brief memorandum, which was given to the police. In this it was said that the cause of the shooting could only be surmised. Information from other sources makes it appear that Malcolm Ford called to get money from his brother, and, meeting with a refusal, shot him. Dr. Baruch said that the murder was a result of temporary mental aberration on the part of Malcolm Ford, due to nervous exhaustion.

It is said that there was enmity between the two brothers and consequent bitterness, and that it was of 11 years' standing; that never since the death of their father have they been on intimate or brotherly terms. This alleged enmity on the part of Malcolm is said to have been brought about by the fact that the father of the boys disinherited Malcolm and that this action on the father's part was because he did not wish Malcolm to devote himself to an athletic career.

Police Captain Brown said last night that Malcolm W. Ford had for some time been causing much uneasiness to the family through evidences of an unbalanced mind, and declares that in his opinion he attacked his brother during a period of temporary insanity, then taking his own life.

Malcolm In Financial Distress.

"The cause of Malcolm Ford's action," said Captain Brown, "can be explained by inference. For some time past his financial affairs have been pressing him, and he has repeatedly asked and received material assistance from his brother. It is presumed that his importuning had been such and his demands so excessive that his brother had been forced to refuse further aid."

Paul Leicester Ford was 37 years old, a novelist of much note, "Janice Meredith" being perhaps his most popular novel. He was married about a year ago to Miss Grace Kidder, daughter of Edward H. Kidder, of Brooklyn.

Malcolm W. Ford was born in Brooklyn, Feb. 7, 1862. He married a daughter of Robert Graves, a wall paper manufacturer, but they were divorced. He was a member of the Lawyers' club.

It was decided last night at a family council that the two brothers should be buried together. The funeral will be held Saturday morning from the residence. Last night the bodies were laid out together in adjoining upper rooms of the house.

BASKET MACHINE

PRONOUNCED

A Modern Wonder

It is likely that many people have thought the statements made by the Mergenthaler-Horton Basket Machine Co. regarding their Automatic Basket Machine too extravagant to be fully credited. But it is safe to say that not one person out of the thousands who saw the machine work this past week in New York will deny that it is all and more than is claimed for it.

It is a positive fact that on each day of the week more than five thousand people visited the Executive Offices of the Company at the corner of Broadway and Reade Street, New York City, and each one went away enthusiastic over the human-like action of the wonderful machine.

By actual count made by mechanical indicator, over thirty thousand persons viewed the machine at its work making baskets between Monday morning and Friday night. The figures for Saturday were not completed in time to insert in this article.

Those who read this who are at a distance from New York should promptly send to some friend in New York, in whose judgment they have confidence, to call at once to see the machine and make prompt report.

The price of shares in the Basket Machine Co. is now

70 Cents a Share

(Full Paid and Non-Assessable.)

and will be further advanced on or before May 17th to 80 cents a share.

The officers of the Company take great pleasure in the popular verdict on the wonders of the machine, and wish to thank the public for responding so freely to the offering of stock during the past few weeks, when scarcely any one had seen the machine work. Now that the exhibition has raised a cloud of witnesses in support of the statements made, it is right to say that the future of the Company is far greater than has at any time been stated, and that following the acquirement of the immense basket factory at Painesville, Ohio, which has been previously announced, there will be steady progress made in equipment looking to the immediate and full control of the entire Basket Industry of the United States.

The price of shares in this Company will, as has been stated heretofore, be rapidly advanced and will be held at par within sixty days from this date.

That the price of shares will then rise beyond par because of the great demand is a commercial certainty.

These statements are made for the benefit of those who have been following this Company's announcements, and all such persons are reminded that every promise made by the officers of this Company, publicly or privately, regarding the plans of the Company, has been fulfilled to the letter.

Checks for subscriptions should be made payable to order of

CHARLES R. BARLOW, Treasurer.

Subscriptions for less than fifty shares not received.

The right is reserved to reject any subscription.

Price of shares advances again on or before May 17th.

Agreement Formed by Shipping Combine—Provides For Merger of Several Lines.

London, May 9.—The Associated Press has secured copies of the shipping combine agreements. They are called "Provisional agreements for the purpose of the acquisition, on or before Dec. 31, 1902, of the White Star, Dominion, American and Atlantic transport lines, to be organized under the direction of the vendors, to the satisfaction of the bankers, namely, the Morgans, under the laws of the state of New York or such other state as shall be selected."

The vendors, Ismay, Imrie & Co., Mills & Co. (Dominion line), and Messrs. Widener, Griscom and Bernard Baker, receive, as consideration for all their capital stock, \$120,000,000, of which \$60,000,000 is preferred stock, cumulative at 6 per cent, and \$60,000,000 common stock, limited to 10 per cent, and also \$50,000,000 in collateral trust 4½ per cent debentures.

White Star Acquisition.

The White Star line's acquisition is antedated to Jan. 1, 1901, the combine, or corporation, as it is termed, taking all the line's profits from that date. The White Star line shares are exchanged on the basis of 10 times the net profits made by that line in 1901.

The arrangement made with the Dominion line is similar to that made with the White Star line, but on the net profits for 1900.

The American and Transport lines are lumped in one valuation at \$34,158,000, subject to \$19,686,000 of the

SENATORS CLASHED.

Dolliver and Carmack Then Shook Hands and Laughed Over the Encounter.

LATTER CALLED TO ORDER.

Burton Referred to Cruelties in Other Wars—Carmack Called Gen. Smith "Scoundrel" and "Murderer."—Vest Told of Hampton Roads Conference

Washington, May 9.—Discussion of the Philippine bill in the senate yesterday, while it scarcely abated in bitterness, took on an amusing phase. In a breezy speech Mr. Dolliver, of Iowa, made such a sarcastic arraignment of Mr. Carmack, of Tennessee, that senators and occupants of the thronged galleries were convulsed with laughter. While, seemingly, considerable temper was aroused by the debate, good feeling was shown by the active participants in the war of words—Mr. Dolliver and Mr. Carmack—who cordially shook hands and laughed over the encounter.

Atrocities in Other Wars.

Mr. Burton, of Kansas, concluded the speech which he began Wednesday. He referred as instances of atrocious cruelty to the battle of Wounded Knee, to the Mountain Meadow massacre and to the massacre of Union soldiers at Fort Pillow, and contended that the action of the American troops in the Philippines was, in most instances, entirely within the regulations of civilized warfare.

In response to some statements made Wednesday by Mr. Tillman, Mr. Vest, of Missouri, delivered a forceful and effective speech and made an historical contribution with reference to the Hampton Roads conference between President Lincoln and Confederate leaders.

He denied that Lincoln offered the southern leaders everything they wanted, to save the Union.

He said the Confederate leaders demanded the absolute independence of the southern confederacy and Lincoln refused. The conference was then ended.

He gave Reagan, Hunter and Stevens as his authorities, and also said that he was a member of the Confederate senate when the report was made, and pointed out that he is the only surviving member of that body.

Called Smith a Murderer.

Mr. Carmack delivered a scathing denunciation of the conduct of military operations in the Philippines, and denounced General Smith, branding him as a "scoundrel" and "murderer," who had dishonored the American army and had done nothing but butcher a whole people.

In a sarcastic response, Mr. Dolliver, of Iowa, scorchingly arraigned Mr. Carmack, incidentally reading an editorial from the Memphis Commercial Appeal, criticising the Tennesseean's attitude on the Philippine question. Mr. Carmack's reply was of such a nature as to cause him to be called to order for a statement reflecting upon Mr. Dolliver, but the incident ended in good feeling.

NO MORE HOSTILE SHOTS.

Gen. Davis Reports Situation in Mindanao Satisfactory—Few Wounded May Not Recover.

Washington, May 9.—The following advice relative to the situation in Mindanao was received at the war department from General Chaffee, under date of Manila, May 8:

"Following from Brigadier General George W. Davis, May 6:

"Situation today every way satisfactory. No hostile shot has been fired since escape of prisoners from guard. Would be exceedingly easy for Moros to climb bluff and cut our telegraph traversing shore of lake four or five miles—not molested. At 2 o'clock today Rihini Tampanga, of Turburan, and delegation presented themselves. Sultan Genassi says Datto Paygoag was killed. Bayan fort, and his people dead or dispersed. Will investigate, but doubt whole report. Number of prisoners escaped probably not exceeding 25. Ten have been recaptured unhurt. For miles about the country is much the same in its natural aspect as Camp Meade, Pennsylvania. Enormous agricultural facilities. All wounded doing well. Lieutenant Jossman seriously hurt; bullet penetrated lung, ranged downward and lodged in body. Chief surgeon says one or two forwarded without hopes of recovery. May 7—Leave in morning for Malabang to meet General Chaffee. Expected morning of 10th. No change situation. Wounded doing well. Datto, from lower Bayan fort, presented himself, saying his people want peace, promising bring cattle other supplies. Signed) "Chaffee."

HESTITATION IN THE MARKET.

Due to Offer of Miners to Arbitrate, Thursday—Stocks Recovered Weakness.

New York, May 9.—Stocks recovered from Wednesday's weakness yesterday, although there was considerable uncertainty manifest in the prevailing sentiment. A more cheerful feeling over the anthracite outlook was responsible for considerable rebuying by short sellers of Wednesday night that a strike could not be avoided. The hesitation which developed in the market was due to a considerable extent to the action taken by the mine workers' convention, which presents an entirely new phase of the situation.

The active coalers reflected no misgiving after the announcement of the miners' offer to arbitrate, but they fell into comparative dullness. The high-priced coalers offered the anomaly of early weakness while the Readings were advancing, and a strong recovery after the demand for the Readings had largely died out. The whole market fell into dullness in the latter part of the day, while waiting for the announcement of the reply of the anthracite operators to the offer of the miners. The result was that the day's transactions were not much over half of those of Wednesday. Outside the Readings the principal activity was in St. Paul, Union Pacific, the local tractions and Southern Railway. There were also movements in other stocks.

There was a sale of St. Lawrence and Adirondack at 52, compared with the preceding sale at 138 1/4. This sale was before the collapse of the Webb-Meyer stocks. The incidental statement of Dr. Webb that he had sold the road to A. L. Meyer was news to the public yesterday morning. Money went to 9 per cent again yesterday, but sterling exchange turned weak, and New York exchange at Chicago recovered from 20 cents discount to 10 cents premium. Money brokers reported offerings of large sums for lending in New York, from various quarters of the country. The loss already this week to the sub-treasury of over \$2,000,000 is to be reckoned with in considering the money situation.

The bond market recovered yesterday in sympathy with stocks. Total sales, par value, \$3,169,000.

U. S. 3s and the new 4s declined 1/4 per cent on the last call.

SENATORS CLASHED.

Dolliver and Carmack Then Shook Hands and Laughed Over the Encounter.

LATTER CALLED TO ORDER.

Burton Referred to Cruelties in Other Wars—Carmack Called Gen. Smith "Scoundrel" and "Murderer."—Vest Told of Hampton Roads Conference

Washington, May 9.—Discussion of the Philippine bill in the senate yesterday, while it scarcely abated in bitterness, took on an amusing phase. In a breezy speech Mr. Dolliver, of Iowa, made such a good-natured and yet such a sarcastic arraignment of Mr. Carmack, of Tennessee, that senators and occupants of the thronged galleries were convulsed with laughter. While, seemingly, considerable temper was aroused by the debate, good feeling was shown by the active participants in the war of words—Mr. Dolliver and Mr. Carmack—who cordially shook hands and laughed over the encounter.

Atrocities in Other Wars.

Mr. Burton, of Kansas, concluded the speech which he began Wednesday. He referred as instances of atrocious cruelty to the battle of Wounded Knee, to the Mountain Meadow massacre and to the massacre of Union soldiers at Fort Pillow, and contended that the action of the American troops in the Philippines was, in most instances, entirely within the regulations of civilized warfare.

In response to some statements made Wednesday by Mr. Tillman, Mr. Vest, of Missouri, delivered a forceful and effective speech and made an historical contribution with reference to the Hampton Roads conference between President Lincoln and Confederate leaders.

He denied that Lincoln offered the southern leaders everything they wanted, to save the Union.

He said the Confederate leaders demanded the absolute independence of the southern confederacy and Lincoln refused. The conference was then ended.

He gave Reagan, Hunter and Stevens as his authorities, and also said that he was a member of the Confederate senate when the report was made, and pointed out that he is the only surviving member of that body.

Called Smith a Murderer.

Mr. Carmack delivered a scathing denunciation of the conduct of military operations in the Philippines, and denounced General Smith, branding him as a "scoundrel" and "murderer," who had dishonored the American army and had done nothing but butcher a whole people.

In a sarcastic response, Mr. Dolliver, of Iowa, scorchingly arraigned Mr. Carmack, incidentally reading an editorial from the Memphis Commercial Appeal, criticising the Tennesseean's attitude on the Philippine question. Mr. Carmack's reply was of such a nature as to cause him to be called to order for a statement reflecting upon Mr. Dolliver, but the incident ended in good feeling.

NO MORE HOSTILE SHOTS.

Gen. Davis Reports Situation in Mindanao Satisfactory—Few Wounded May Not Recover.

Washington, May 9.—The following advice relative to the situation in Mindanao was received at the war department from General Chaffee, under date of Manila, May 8:

"Following from Brigadier General George W. Davis, May 6:

"Situation today every way satisfactory. No hostile shot has been fired since escape of prisoners from guard. Would be exceedingly easy for Moros to climb bluff and cut our telegraph traversing shore of lake four or five miles—not molested. At 2 o'clock today Rimini Tampanga, of Turburan, and delegation presented themselves. Sultan Genassi says Datto Payogag was killed, Bayan fort, and his people dead or dispersed. Will investigate, but doubt whole report. Number of prisoners escaped probably not exceeding 25. Ten have been re-captured unhurt. For miles about the country is much the same in its natural aspect as Camp Meade, Pennsylvania. Enormous agricultural facilities. All wounded doing well. Lieutenant Jossman seriously hurt; bullet penetrated lung, ranged downward and lodged in body. Chief surgeon says one or two forwarded without hopes of recovery. May 7—Leave in morning for Malabang to meet General Chaffee. Expected morning of 10th. No change situation. Wounded doing well. Datto, from lower Bayan fort, presented himself, saying his people want peace, promising bring cattle other supplies. Signed) "Chaffee."

Brief Notes of a Personal Nature and of Matters About Town.

Sirius Club Dance—Invitations have been issued by the Sirius club for a dance that will be given at Rock Springs on the evening of May 19. It will be one of the society events of the season.

Will Go to Farming—The household effects of Matthias Adams, of Seventh street, have been sent to Salineville, where the family will reside in the future. Mr. Adams has purchased a large farm near Salineville.

Mrs. Wells Still Suffers—Mrs. Lewis Wells, of Steubenville, who was injured several months ago by falling down the cellar stairs at her home, is still visiting her son, W. E. Wells. She is visiting her son, W. E. Wells, of this city, and will have the X-rays applied. If this does not reveal the cause of her pain, she will go to Youngstown and consult a physician.

Clerks and Carriers' Examination—The United States civil service commission announces that on May 28 an examination will be held in this city for the positions of clerk and carrier in the postoffice service. This examination offers an excellent opportunity for entering the Federal service to bright, energetic persons. The age

limitations for examination are 18 to 45 years.

Picnic and Dance—Invitations have been issued for the annual picnic and dance to be given by members of division No. 52, Amalgamated Association of Street Railway Employees. The event will be held June 11, at Rock Springs park, and a very large attendance is expected. The former outings of this organization have been the best attended of any similar affair held during year.

Special Services—Ascension Thursday was observed with special services at the Catholic and Episcopal churches yesterday. At St. Stephen's holy communion was held and a special sermon preached by Rev. Edwin Weary, at 10 a. m. He also preached last evening. At St. Aloysius Father Mahon held early mass and Father Smyth high mass at 8 o'clock. Father Mahon pronounced the benediction at 3.30 p. m.

DIVORCE AND ALIMONY

Asked By the Wife of a Salineville Merchant, Cruelty Being Charged.

Lisbon, May 9.—(Special)—Mary E. Duncan, of Salineville, has entered suit for divorce and alimony from John S. Duncan. They were married in September, 1882, and have one child, Anna, aged 16 years. She alleges cruelty and neglect.

Her husband is a hardware merchant and his stock is valued at \$3,000. An injunction restraining him from disposing of or encumbering his property has been granted.

Able And Popular.

Congressman Taylor, of the Eighteenth district, has been renominated. He has served almost eight years in the house of representatives and has become a conspicuous member of that body. The Republicans of his district did well when they selected him to again represent them in congress. He is an able and popular man.—Cleveland Leader.

Fined \$1 And Costs.

George Heathers, one of the men implicated in the scrap of Monday evening in Smoky Row, applied to the mayor or last evening for justice and was rewarded with an assessment of \$1 and costs. He paid the amount and was released.

Train Jumpers Fined.

Two boys, giving their names as Harry Sampson and Julius Harvey, were arrested yesterday afternoon by Officer Fisher in the East End for train jumping. They were given a hearing before the mayor and fined \$0.60 each.

Evidence Not Enough.

'Squire McCarron did not think the evidence produced last evening against Mrs. Delora Barnhart, who was charged with assaulting Mrs. Bushong and using indecent language, sufficient for conviction and released the woman from custody.

Licensed to Marry.

TRENTON POTTERS ASK UNIFORMITY

Brotherhood Urged to Remedy Defects in the Wage Scale There.

THE CONTRACT SYSTEM

Is Condemned by Convention and Prescribed Rates of Wages Will Be Substituted—More Resolutions Presented For Consideration.

Trenton, N. J., May 9.—(Special)—The Brotherhood delegates did not take their expected trip to Princeton yesterday afternoon, owing to the inability to get trolley car accommodations.

The afternoon was devoted to convention business. The large number of resolutions introduced dispelled all hope of the convention adjourning this week. President Hughes last evening said he thought it would adjourn Tuesday. Much of the business transacted yesterday was secret.

A resolution protesting against a decision of the arbitration committee in the settlement of a dispute in a western pottery was introduced and discussed at length. The convention sustained the arbitration committee.

The kilnmen presented a resolution calling for time and a half for all kilnmen required to work after 5 o'clock, and double time for Sunday. It was rejected.

The kilndrawers offered a resolution that all kilns be drawn between 5 a. m. and 3 p. m., otherwise the company must pay time and a half. It passed.

Many kilnmen have been complaining of the distance they have to carry saggers to kiln sheds. A resolution aimed to secure a remedy was passed. It provides that the firms must place all green saggers to be used by the kilnmen in the glost kiln shed, doing away with the hour generally spent in taking them from the sagger shed.

Twenty-one resolutions were introduced yesterday morning and referred. An important and interesting discussion arose during the afternoon.

Trenton delegates introduced a resolution calling for better conditions in the general ware plants in this city. It asks the Brotherhood to introduce the same conditions here as in the western plants, and for a more uniform list of prices on different kinds of ware.

Conditions here are anything but satisfactory. It is said that in some shops men are working under three different price lists, each a journeyman, and making the same kind of ware.

A committee to fix a uniform price list for potters was appointed. Wm. Anderson, LeRoy Orr, Charles Dorff, R. H. Smith and W. J. McKeone are the committee.

The contract system, referred to by President Hughes in his report, was condemned by the convention. Under this system packers, dippers and mold makers can hire to do the work, which generally calls for three or four men. They are paid for the work, and in turn pay their helpers, who receive a comparatively small rate. Under the new system to be installed all men employed in the above departments will receive an equal rate of wages, as prescribed in the list.

Another resolution which was passed urges jiggermen to furnish only union finishers when possible.

The finishing work on handles will in the future have to be done by the handle makers themselves. Heretofore several boys were employed, but the Brotherhood thought it advisable to abolish this system.

The following additional committees have been named:

On Resolutions—John Powell, Mrs. Hazel Starr, A. B. McBrier, Joseph Henry, Herbert McConnell, Al. M. Martin, W. J. McKeone, E. L. Bradford.

On Union Label—Charles Dorff, Geo. Hopwood, John Gibson, Arthur Newman, William Aughenbaugh, Lizzie Barcus, R. A. Wood, George Rodecker.

DEMANDS CRANTED

Standard Brick Works Employees at Empire Get an Advance in Wages.

The men of the Standard brick works at Empire, who struck for 15 cents a day more on common labor, 3 cents per 1000 for setting and draw-

ing and 2 cents on the ton for digging, have had their demands granted.

The demands are about equal to 15 cents a day all around. The men at the Stratton works asked for an increase and were given what they asked without a strike. The strike at the Minor Fire Brick company's plant is off, the men being given what they asked.

Several Hundred Residents Anxiously Await the Action of City Council.

Attorney W. H. Vodrey made his report last night to the residents of Pleasant Heights and vicinity, and every individual property holder now has a clear idea as to how far they can proceed legally with the street railway company.

The meeting was held in the union chapel on the hill, and when Attorney Vodrey arrived he was accompanied by Attorney M. J. McGarry, who had also been retained.

The attorneys reported that there were three courses which the residents of the community could pursue, any one of which would bring the desired result. The one most favored by them, however, was that of an appeal from the city council to the courts for a specific performance. There was no doubt in the minds of the legal advisors but that the question, if brought in that form, could be settled to their satisfaction, and the company compelled by an order from the court to comply with the franchise.

The plan, as formulated last night, was that the matter be brought before the council at its next meeting; that the street railway company be given a certain time in which to begin the work. In case they fail to comply the solicitor be instructed to file the necessary papers forthwith.

FROM THIS CITY

AN UNFORTUNATE MAN GOES TO JEFFERSON INFIRMARY.

William Ward Lay Apparently Lifeless Two Days In Steubenville Jail.

Steubenville, May 9.—The case of William Ward, the unfortunate man arrested Tuesday night, has baffled the physicians. So far all attempts to improve his condition, or to arouse him to the use of his senses has failed.

Wednesday night and yesterday morning efforts were made to arouse him, but though everything known to medical science was tried, Ward has not been able to waken from the deep stupor into which he sank during the early hours Wednesday morning.

City Physician Thomas Walker has been unable to administer medicine through the proper channel for the reason that his throat is closed, but last night believing that medicine injected hypodermically would result in some benefit, it was tried but without effect. Marshal Scott yesterday forced a little coffee down his throat, but it was such a small quantity that it could possibly have no effect on him.

The barren jail where the man lay all day Wednesday, was improved last night by the addition of a mattress on which the almost lifeless body of Ward was placed. Later in the evening a railroad car called at police headquarters and said he worked with Ward, who was known as "Liver" for the reason that he came from East Liverpool. He shook the body and tried in every way to arouse him, but failed in his efforts. He had worked with him for a long time and always found him easy to awaken.

The township trustees took charge of Ward, and yesterday removed him to the county infirmary.

THE FIRST INNING WAS A SLAUGHTER

Marines Scored Seven Runs and of Course Defeated East Liverpool.

REST OF THE GAME GOOD

The New Players Acquired Themselves With Much Credit—Visitors Put Up a Great Game—The Final Score Stood 12 to 6.

Except the first inning the game played in West End park yesterday afternoon by the new local baseball team and the Marines of Canton, was decidedly the best exhibition of the popular sport witnessed this season. The crowd in attendance numbered over 300 and all were well repaid for their time and trouble. The Marines played equally as good a game as they did last summer when here and the locals soon found that if victory smiled upon them it would be only after a hard struggle.

The diamond was in excellent condition, but the field was bad. It is covered with clods of dirt and to a great degree handicapped the boys.

In the first inning an out by Sperry was followed with seven of the prettiest hits ever placed, which together with seven runs gave the visitors the game at the start. The locals up made two runs. During the three succeeding innings neither team scored but in the fifth the Marines added one more and the locals three. In the sixth the visitors were credited with a score and in the eighth they cinched the game with three runs, the locals only being able to score one from the fifth. For the Marines, especial credit is due Whittight, who covered third. Although he made an error his sensational pick ups were cheered most heartily and he never failed to take a chance.

Reilly in left field and Mack at short also were at home in their positions.

Chadwick, in middle for the locals, failed to meet the requirements. Godwin made two inexcusable errors, but made amends for them later. Boyle played a perfect game.

OFFICERS CHOSEN FOR NEW BANK

Geo. H. Owen to Be President of the Dollar Savings Institution.

THE BOARD OF DIRECTORS

Chosen and Organized—Effort Will Be Made to Open the Bank Early Next Month—A List of the Stockholders.

A meeting of the stockholders of the recently incorporated Dollar Savings bank was held in the rooms of the Potters' club last evening and officers elected as follows:

President—George H. Owen.
Vice President—H. N. Harker.
Cashier—Harry T. Hall.

Following is a list of directors, which were also elected: George H. Owen, H. N. Harker, Monroe Patterson, M. E. Golding, Joseph G. Lee, L. M. Thomas, O. C. Vodrey, George C. Thompson, H. A. McNicol, William Anderson, John I. Hodson, M. E. Golding, W. W. Harker, J. M. Aten, Enoch Elden, J. Stein, F. E. Allen, O. C. Vodrey, Dr. W. R. Clark, Joseph G. Lee, E. L. Bailey, A. J. Witzeman, H. Thompson, C. B. Wilson, A. W. Scott.

Twenty per cent of the stock was paid in last night. The rest will be paid in as called for.

It was decided at the meeting to try and have all arrangements completed to open the bank for business on June 1, though it will probably be some days later before this can be done.

Laying Gas Pipe.

Lisbon, May 9.—(Special)—

THOUSANDS VISITED THE NEW LIBRARY

Not in years past has a public event in East Liverpool occasioned the interest and attracted such attention as the dedication of the Carnegie library and the reception which followed last evening. It is claimed that at least 5,000 took advantage of the privilege to inspect the handsome edifice.

Less than half the people who were present at the dedicatory exercises in the afternoon were able to hear the speeches, the room being crowded to its fullest capacity long before the ceremonies began. Early in the evening, when the time of beginning the reception arrived, great crowds were already present and continued to swarm about the building until a late hour.

Prof. A. K. Nowling's full orchestra was seated in the librarian's office, directly in front of the lobby and discoursed fine music the entire evening while the crowds moved about. Early in the evening W. L. Thompson took upon himself the task of escorting the guests about the different rooms, but soon found his services inadequate, so vast was the multitude that crowded into the entrance. It finally became necessary to solicit the services of other directors and two officers to properly take care of the fast increasing throng, but fortunately there was no jam and everybody had a full opportunity of making a thorough inspection of everything to be seen.

Hundreds of people from Wellsville and Chester attended the reception. Everybody had a most enjoyable time and the board of directors, nearly all of whom were in attendance, justly felt elated over the success of the event which was projected by them and so triumphantly carried through.

W. E. Donnelly, superintendent of construction for the Salem Oil and Gas company is in town laying out lines for gas pipes. The first car of pipe is on the ground and it is expected to have the gas to consumers at an early date.

WAR EXPECTED IN MEAT PRICES

PROMISED BY A BUTCHER WHO QUILTS THE COMBINE.

Alleges That Rates Have Been Cut and He Proposes to Do Likewise.

The East Liverpool butchers have invaded the East End and, it is said, are offering meat at a lower price than the East End butchers have been selling it for. One East End dealer has withdrawn from the local combination and a fight is on. The protesting East End butcher said today that beef and veal on foot in this section are no higher than a few months ago. He states that recently an East Liverpool butcher told a Hancock county farmer that all the butchers would pay for veal on the foot was five cents a pound, whereas, in the past, 5½ cents a pound had been the rate.

It has been intimated that all the East End butchers will soon withdraw from the butchers' association and invade the city proper, making a house-to-house canvass for trade at lower prices. Should this be done, the fight promises to be merry, and the people to profit.

A SMALL RIOT

STARTED BY BOYS IN CALIFORNIA HOLLOW.

Young Men Driving Attacked By Youngsters And a Lively Time Followed.

Sam Collins and Ed Kilmer were the victors in a lively free-for-all fight in California Hollow last night. The young men were driving on Trentvale street, when they were accosted by a number of boys who reside in that community. No attention was paid to them for some time, but finally the epitafts grew so bitter that they concluded to resent the attacks. They climbed from the buggy and very soon there was a small-sized riot in progress.

The California youngsters belonged to the Malone and Howell families, and when they came out of the fight a more demoralized looking crowd would have been hard to find. Kilmer and Collins did not receive a scratch. About this time the residents took a hand and the two town boys were in danger for a time.

A club that very much resembled a fence rail was wrenched from the grasp of the Malone boys' father, and several more were relieved of various articles of house furnishing. The parents of the boys proceeded to town at once, vowing they would prefer charges, but to the present none have been filed.

CRASHED INTO CURB

STREET CAR RAN OFF THE TRACK LAST EVENING.

One Passenger Hurt And Others Badly Scared And Shaken.

Car No. 1, of the East Liverpool railway, came out of the east end of Sixth street so fast on its last trip from Wellsville last evening that it crashed into the curb and caused Edward Kingston, a passenger, to fall from his seat and injure his leg.

There was quite a crowd of young folks on the car, and all received a severe shaking up, but no others were seriously injured.

PLUMBERS' SCALE

Submitted By Strikers—Agreement May Be Reached Tonight.

The journeymen plumbers held a meeting last evening. They framed a communication and submitted it to the bosses this morning. They agree to return to work at \$4 per day of nine hours and eight hours on Saturday.

The bosses have appointed a committee to meet a committee of the journeymen tonight, and it is thought an agreement will be made.

THE PERFORMANCE A VERY FINE ONE

Amateur Players Won Favor and Applause in "Scottish Reformation."

STORY BEAUTIFULLY TOLD

And the Vast Chorus And Beautiful Stage Scenes Afforded a Spectacle of an Imposing Character—Large Audience in Attendance.

The presentation of the "Scottish Reformation" in scene and story last evening at the opera house was one of the finest performances ever given in this city. The gorgeously costumed participants, trained choruses, soloists, pleasing drills and beautiful stage pictures, made the entertainment a rare treat, which exceeded all expectations.

The opera house was well filled with an audience which by its vociferous applause seemed to express the opinion that the performance had one particular grace—that of not being tiresome.

The story of the "Scottish Reformation" is a romantic, historical one concerning which all ages since that day have sympathized and marveled. The convincing evidence of the reformer and the sad, sweet life of the unhappy Mary, were told with vigor and pathos by Mrs. H. E. Monroe. Her remarks were accompanied by interesting stereopticon views.

These scenes were introduced by an allegorical processional participated in by a chorus of 220 voices singing, "Form Your Battalions" and "The Son of God." Part second opens on a scene of the Puritans and students on their way to Leith to meet Mary Stuart on her way to Scotland.

The stage setting and costumes of the ladies in the third part were magnificent. To the strains of "The Campbells Are Coming," played by the orchestra, entered Mary Queen of Scots. Then her guards and attendants appear, arrayed in true Highland costume. Mrs. W. C. Lynch was beautiful as Mary Stuart, and portrayed the character of the ill-fated Queen in truly queenly style. She was attended by Harry Wagner as Lord Darnley, and Dr. E. L. Trimmer as Lord James Stuart, who made a plea to the queen in behalf of Knox. C. M. Hamilton as Lord Erskin, of Dun, had a very pleasing stage appearance, and carried his lines with easy grace, while Dr. Clyde McCurdy was quite amusing as the gallant French minister. It was during this scene that the Queen was presented with a large bouquet—always a grateful compliment. John Knox was impersonated by D. M. McLane, who is well adapted to this part, and easily won the hearts of the audience.

The court ladies presented a charming picture of middle century life, and it was as appropriate as it was enjoyable to hear Miss Alice Devon sing "My Ain Countrie." Miss Georgia McLane sang "When the Mists Have Rolled Away," with chorus accompaniment, which was one of the pretty features of the entertainment. "Annie Laurie," as sung by Ed Macintosh and accompanied by Mrs. E. M. Knowles upon the harp, scored one of the hits of the evening; and they, as well as several others were compelled to respond to encores.

Mrs. Monroe was again heard in the continuation of the tragic and romantic story and was listened to with rapt attention. The queen's parting with her attendants was most impressive.

The closing scene represented the triumph of the Puritans, who in procession sang the triumphant psalm, "God's Miraculous Deliverance."

The performance was a finished one throughout—due as much to the skill of Miss Lucy Reninger, the trainer, as to the class itself. The opera house should be crowded tonight as the "Scottish Reformation" and the cause for which it is laboring—the Y. M. C. A.—is a worthy one. Wherever the entertainment has been given it has been received with marked enthusiasm and pronounced success.

Referred to a Commissioner.

Lisbon, May 9.—(Special)—The circuit court has referred the case of Daniel T. Lawson versus William R. Wells to J. J. Purinton, of East Liverpool, to take the testimony and report his conclusion to the court. Lawson and Wells were grocery partners in Wellsville and dispute over a balance.

EAST END

STOPS TRAINS, TOO

An East End Boy Causing Great Annoyance to Railway Companies.

The East End boy who has been annoying the street railway employees by getting on the tracks and refusing to move until the car stops, has been stopping railroad trains lately. Twice he has stopped the C. & P. express by sitting on the track and not moving, though last Thursday the engine was only 10 feet from him when the train stopped.

Complaint has been made to the mayor. Street railway men say they have only escaped running over him by "plugging" the car, and that is a very costly operation for the company. Some think he is mentally unbalanced and should be sent to Massillon.

FREIGHT STOLEN

A Box of Coffee Taken From the East Liverpool Box Car Station.

The conductor of the westbound local missed putting off a large box of coffee at Industry yesterday, and when the train stopped at the East End had the box put in the freight car at Mulberry street, to be taken back to Industry on the night trip. Later the box was gone, and it is supposed was stolen.

Assault Case Dismissed.

The case of James Motes against Mrs. Skenn, both residents of Chaffinville, was dismissed by Justice Carman last evening. The trouble was in Chaffinville. Motes alleged that Mrs. Skenn struck his 9-year-old daughter shortly after she recovered from an attack of fever, and while the child was playing in the street. Assault and battery was charged.

EAST END AFFAIRS.

Water Clocks In China.

In the history of the Tang dynasty it is stated that in Persia at the same period there was a clepsydra on a terrace near the palace formed of a balance containing twelve metal balls, one of which fell every hour on a bell and thus struck the hours correctly. It is deemed not unlikely that this instrument was identical with the celebrated one which the king of Persia sent in the year 807 to Charlemagne.

In 808 the astronomer Tsiang produced an improvement on all former instruments—a machine arranged on a sort of miniature terrace ten feet high and divided into three stories, the works being in the middle. Twelve images of men, one for every hour, appeared in turn before an opening in the terrace. Another set of automata struck the hours and eighth of hours. These figures occupied the lowest story.

The upper story was devoted to astronomy, containing an orrery in motion. Very complex machinery must have been required. As to the nature of the mechanism nothing is known except that it was kept going by falling water.

A Story of Professor Huxley.

Professor Huxley, Dr. Wayland declared, was once sitting at dinner beside a lady who in impassioned tones asked him whether he did not think it a very terrible thing that the Rev. Mr. Jones, the vicar, should have adopted the eastward position in administering the sacrament. "My dear lady," he replied, "I am told by Sir John Herschel that to drop a pea at the end of every mile of a voyage on a limitless ocean to the distance of the nearest fixed star would require a fleet of 10,000 ships, each of 600 tons burden, all starting with a full cargo of peas. Now, do you really suppose that the Maker of the fixed stars considers this new position of Mr. Jones a serious thing?"

Tennyson and Barnum.

Tennyson was extremely eager at one time to visit America, and touching this point a story is related to the effect that Barnum offered him an enormous sum to make the trip, though probably not as one of the attractions of the "greatest show on earth." "All you have to do," said Barnum, "is to stand on a platform and have your hands well shaken." The poet, however, declined the tempting offer.

Wintering in Colorado And Utah. The climate of Colorado and Utah has long been world famous, but it is only within recent years that attention has been given to the delightful winter climate of these states. To-day physicians all over the United States send their patients to Colorado and Utah to escape the rigors of eastern winters and to benefit by her invigorating atmosphere and health-giving sunshine.

It is not necessary to add an elaborate argument—the conclusion is self-evident and inevitable. The winter climate of Colorado and Utah on the whole presents advantages for the invalid and the pleasure-seeker that cannot fail to command attention.

An erroneous impression prevails that because the Rocky mountains have a high elevation the mercury in the thermometer drops down below zero in the winter season and stops there, and that the snow mounts up with the altitude. The fact is that the average precipitation of moisture in the lowlands of the mountain region during the entire year is only 14.15 inches. With such average precipitation there is practically no danger of snow blockades on the railroads, save at a few points exposed to drifts and these points have been amply protected. This is especially true of the lines of the Denver & Rio Grande and the Rio Grande Western between Denver and Ogden at all seasons of the year. Facts speak for themselves, and the fact is that travel over "The Scenic Line of the World" has gone on with less interruption from snow blockades during the last ten winters than it has upon the majority of railroads in other localities which are popularly supposed to be more free from such delays than the mountain systems. AN ODD CALLING.

The Professional Business Adviser and His Methods.

One of the oddest of occupations is that of the professional "business adviser." If your affairs are not conducted to your liking, this gentleman for a consideration will station himself in your office in a position to see all that is going on. He will nose into your affairs for a week or longer at your option, at the end of which time he will "be prepared to point out the faults of your system, employees who neglect their duties, wastage of supplies and time, and suggest means of improving, extending and conducting your affairs on a sounder basis."

The words quoted are from this modest gentleman's advertisement. In brief this man, after a week's observation, will undertake to rearrange the most complex office systems "for a consideration" and give you advice "free, gratis, for nothing." As drowning men catch at straws, so do men whose affairs are hopelessly and intricately muddled grasp at the chance this gentleman holds out to them. The professional "business adviser" has plenty of clients, and nine times out of ten his advice to his employer is to "make an assignment for the benefit of your creditors." It is the safest counsel he can give.—Philadelphia Times.

1,723,791 OF BIBLES

Distributed at Home and
Abroad by American
Bible Society.

169,663 OVER PREVIOUS YEAR.

Most Notable Leaflet Distributed Dur-
ing the Year President Roosevelt's
Speech on the Bible—Special
Agency for Southern Negroes.

New York, May 9.—The annual
meeting of the American Bible so-
ciety was held at the Bible house
yesterday. The eighty-sixth annual
report stated that the threatened
evils arising from a permanent
shrinkage in the support given the
society have been arrested.

Fifteen life directors were consti-
tuted during the year by the payment
of \$150 each, and 263 life members
were constituted by the payment of
\$30 each. The receipts were \$433,173
and the cash balance at the close of
the fiscal year was \$29,329.

Appropriations have been author-
ized for the foreign work during the
current year an amount not ex-
ceeding \$200,000. The total amount
of invested funds is \$486,402.

Income From Permanent Funds.

The income from these permanent
funds for the year was \$19,595. The
total issues of Bibles for the year,
at home and abroad, amount to
1,723,791. This is an increase of 169-
663 over those of last year. Of these
686,755 were distributed in the United
States, not counting the Philip-
pine islands, and 1,037,036 in foreign
lands. This means an increase of
63,421 in the foreign field, and 106-
242 in the United States. One-half
of these issues were manufactured
at the Bible house. Of the remain-
der, a large part were printed in
China, Japan, Syria and Turkey.

The total issues of the society in
86 years amount to \$70,477,225. The
most notable of the leaflet publica-
tions of the year is the address of
President Roosevelt on the Bible, of
which 80,000 copies have been printed
in English and 10,000 in Spanish.

Special Agency Among Negroes.

During this year the society has es-
tablished a special agency among the
colored people of the southern states.
The Rev. Dr. J. P. Wragg has been
appointed agent at Atlanta, Ga. Under
his superintendency colporteurs
have been sent out to a number of
the southern states, to go from place
to place and visit the people at their
cabin doors. Special depots have
been opened in connection with some
of the leading schools for the colored
people. The falling off in sales in
China is not larger than might have
been expected, owing to the Boxer
trouble, and Dr. Hykos, with his co-
laborers, is now sanguine that in the
immediate future a very large in-
crease in distribution of the Bible
may be expected.

PRESBYTERIANS CELEBRATE

Seventy-Fifth Anniversary of Western
Theological Seminary—Most
Graduates Get Charges.

Pittsburg, May 9.—The celebration
of the seventy-fifth anniversary of the
Western Theological seminary began
in earnest yesterday morning. Many
of the leading ministers and laymen
of the synods of Pennsylvania and
Ohio came in and were enrolled.
There was also a large attendance of
the local clergy.

The most interesting event of the
morning was the presentation to the
seminary of a fine oil painting of the
Rev. Dr. James I. Brownson, who had
been connected with the board of di-
rectors nearly 40 years and was vice
president of the board for many
years. The speech of presentation
was made by the Rev. Dr. Thomas H.
Robinson. It was received on behalf
of the board of directors in an ad-
dress by S. P. Harblson, one of the
contributors to the picture.

Most Graduates Get Charges.

It was announced that all the mem-
bers of the graduating class had
passed their examinations success-
fully. Most of the members of the
graduating class have received calls
to churches on good salaries, and the
few remaining without formal calls
will be settled soon. The following
is the list of the new ministers with
their addresses in their new fields of
labor:

SCHOOL GIRLS.

'Tis a pretty age—that time
in a girl's life when she has all
the beauties of womanhood
without the later lines of care
and worry.

But here and there even
among school girls appear pale
and drawn faces.

Pale blood is at the bottom
of the trouble and Scott's
Emulsion can cure it.

Scott's Emulsion brings
back the beauty to pale girls
because it is blood food.

Spoke on Work of Alumni.

Instead of having a regular address
to the graduating class, as usual, the
Rev. Dr. Joseph T. Gibson, historian of
the seminary, made an address ap-
propriate to the three-quarter cen-
tury celebration. He took for his
subject, "The Work of the Alumni."

The board of directors held the an-
nual meeting yesterday afternoon in
the First Presbyterian church, of Al-
legheny. The Rev. Dr. David S. Ken-
nedy, president, and the Rev. Dr. Ed-
ward P. Cowan was secretary. It
was reported that the seminary was
the only one in the church which had
an increase of students last year.
The annual banquet of the alumni
was held yesterday afternoon. The
Rev. Dr. William S. Fulton presided,
and several after-dinner addresses
were made.

King's Daughters of Pennsylvania.

Philadelphia, May 9.—The seventh
annual state convention of King's
Daughters opened in this city yester-
day. There are 2,000 delegates in at-
tendance. The convention was called
to order by Mrs. R. H. Ramsey, state
secretary, who delivered an address
of welcome. The response was made
by Miss Hecht, of Lebanon. The
reading of messages from the differ-
ent circles and the reports of the
secretaries and treasurer occupied
the attention of the delegates for the
greater portion of the day.

MINERS OFFER ARBITRATION.

No Answer From the Operators Had
Been Received Last
Night.

Seranton, Pa., May 9.—Last night
the situation in the threatened strike
hanged on answers to come to a pro-
posal of arbitration emanating from
yesterday morning's session of the
miners' committee.

Telegrams announcing this action
were sent to the presidents of the
nine big coal carriers and several of-
ficers of the Civic Federation.

Yesterday afternoon at 1:30 o'clock
the committee met again, pursuant
to adjournment, but adjourned inside
of half an hour without doing any-
thing. The committee was to meet
again this morning at 9 o'clock, when
it was expected President Mitchell
would have received some answer to
the proposal of arbitration.

President Mitchell stated at 9
o'clock last night that no answers
had been received and if any should
be received it was proposed by him
to say nothing of it until after to-
day's committee meeting.

Mitchell Hadn't Heard of It.

When shown a dispatch from New
York to the effect that the operators
had had a meeting to discuss the ar-
bitration proposition and that they
gave out word that it would not be
agreed to, Mr. Mitchell said he had
heard nothing of such a meeting and
that he doubted the accuracy of the
information.

Last night a telegram was received
through a private source stating that
Senator Hanna had declared unquali-
fiedly that the report that arbitration
had been refused by the operators
was not true. One of the telegrams
from the miners proposing arbitra-
tion was received by Senator Hanna.
He communicated by wire with the
operators as to what they proposed
to do about the matter and had not
received a reply up to a late hour last
night.

SAMPSON'S FUNERAL TODAY.

Occurred at Church of Covenant
Naval and Military Honors
Shown.

Washington, May 9.—The funeral
services for Rear Admiral Sampson
took place at the Church of the Cove-
nant at 10:30 a. m. today and admis-
sion was by card. The battalion of
cadets from the academy escorted
the remains of the late admiral from
the residence to the church. The
Sylph fired minute guns as the
funeral procession crossed the Aque-
duct bridge on its way to Arlington,
and the remains were conducted to
the grave through a double line of
sailors, marines and artillerymen by
Rear Admiral Terry and staff and
one company of naval cadets, with
the Marine band. Full dress uni-
forms were worn. President Roose-
velt and nearly all of the members
of his cabinet attended the services
at the church.

Salvos were fired over the grave by
army artillerymen.

NEURALGYLINE FOR THE NERVES

ARE YOUR NERVES SHATTERED?

Are you on the brink of nervous prostration? Are your nerves
all unstrung? Do you feel a general breaking down? It's no wonder
We Americans hustle too hard, we work too much and too long, we
tax our nerve power to its greatest capacity. Nerves are not iron! They
must give way under the greatest strain. Have yours not already done so?
You can tell if yours have by those sleepless, restless nights you have,
by those constant headaches you have and by your failing appetite.
If you are one of those unfortunate creatures, why don't
you try a box of NEURALGYLINE, the great nerve-
builder!

IT RELIEVES THE MOST SEVERE CASES OF NEURALGIA AND ALL OTHER NERVE DISORDERS.

Protests are pouring in upon the Ohio senate, asking a reconsideration of its action in passing a bill relieving railroad companies from the necessity of maintaining electric lights at crossings. The excuse that these lights interfered with the movement of trains because they made it difficult and often impossible for engineers to see the signal lights, now seems to have been only a blind to conceal the real motive, which was to saddle the cost of maintaining such lights on the municipalities and thereby save to the railroads themselves an aggregate amount of about a million dollars a year. It is highly important to the public, if not to the railroads, that grade crossings be lighted. The demand for a reconsideration of the bill appears well-founded.

A rival road having proposed to run an express train between New York and Chicago on an 18-hour schedule, the Pennsylvania goes it one better and announces its intention of doing the same thing in 17 hours. When Santos Dumont can beat this record for 964 miles he will be entitled to boast about success as a flyer.

A Cleveland pastor has espoused the cause of the Sunday ball players. He may think he is standing up for the cause of righteousness, but it would be difficult for him to produce any scriptural authorities for his position.

The Youngstown Vindicator is not satisfied with the renomination of Hon. R. W. Taylor for congress. Fortunately for its interests, the Eighteenth district does not choose representatives to suit Democratic newspapers.

It seems strange for London to become excited over a shipping combination embracing the paltry sum of \$120,000,000. What would happen if they had a few billion dollar trusts over there?

Prof. A. D. F. Hamlin, of Columbia university, in an article in the Forum, resting on observation in many lands, makes the assertion that, as regards clean streets, Americans are the most untidy people among the great nations of the earth. If misery loves company, East Liverpool can find lots of it. New York, in the professor's opinion, in dirt and squalor is rivaled only by Constantinople, in the land of the unspeakable Turk. Untidiness is such a characteristic of American cities as to be a disgrace to our civilization. Certainly the organizations which have been formed in many cities for the purpose of remedying this condition of affairs merit all possible encouragement in their Herculean undertaking.

There have been violent volcanic eruptions on one of Uncle Sam's recently acquired islands, affording an opportunity for the ants to rise up and howl about the annexation of trouble.

The hospital project is again moving forward. There are few persons in the city who cannot do something to help it along, and all should help.

The success of the Scottish Refor-

mation entertainment last night proved the assertion of a recent arrival that East Liverpool has "harmateurs who can hact."

Skibo castle missed a good thing in not having a representative here yesterday.

OBITUARY

Charles Powell.

The funeral services over the remains of Charles Powell, who died Wednesday evening, will be held tomorrow morning at 8:30 o'clock, at St. Aloysius' church, interment at the Catholic cemetery. Mr. Powell was a brother of John Powell, of Third street, who died just eight days before. Had he lived until tomorrow he would have been 51 years old. He was born in England and came to this city when quite young. He has been employed in the potteries most of his life, and for 30 years had been a kilnman. He is survived by a wife and five children.

BRILLIANT FUNCTION

An Enjoyable Musicales Given by Mrs. John C. Thompson Yesterday.

Mrs. John C. Thompson, noted for her gracious hospitality, gave a most pleasing and enjoyable musicale yesterday afternoon. It was perhaps the first formal event of the kind in this city. The handsome home, "The Lyndens," was artistically decorated. Nowling's orchestra in the reception hall played sweet music prior to the beginning of the program.

The program included "Come, Dorothy, Come," by Mrs. Healy, Taylor Macrum and Thompson; nocturne, Prof. Hatch; duet, "On the River," Mrs. Healy and Mrs. Thompson; violin solo, Prof. Nowling; "Annie Laurie," quartet; solo, "Loving Hearts at Home," Mrs. Collier; cornet solo, Aug. Diers; lullaby, quartet; solo, "For All Eternity," Mrs. Thompson; "Blue Bells of Scotland," quartet, besides orchestral selections.

Mrs. Collier, who sang for the first time in this city, showed superior musical training. Mrs. Thompson sang in an inimitable manner and responded with an encore, "Mighty Lak a Rose." All the solos, vocal and instrumental, were greatly enjoyed.

After the music choice refreshments were served by a Steubenville caterer. Fifty guests were entertained yesterday and an equal number today, cards being the diversion.

LOCAL BOWLERS DOWNED

East Liverpool Team Outplayed by the Wellsville Boys.

The East Liverpool bowling team lost two out of three games played with Captain Shingler's aggregation at Wellsville on the Campbell alleys last night. The games were hotly contested and much excitement prevailed among the spectators. The individual scores made were as follows:

East Liverpool—Craig, 135, 163, 124, Russell, 118, 116, 132; Evanitcka, 163, 163, 149; Rigby, 114, 181, 151; Clark, 159, 200, 151. Total, 2,219.
Shingler's team—Aren, 208, 165, 181; Shingler, 126, 153, 188; Evans, 155, 147, 129; Hall, 124, 176, 167; Harsha, 163, 172, 137. Total, 2,391.

NEW GUARD NAMED

F. F. Conser, of This County, Gets a Position—Predecessor's Exciting Experience.

Columbus, May 9.—(Special)—The board of managers of the Ohio penitentiary have appointed Fred F. Conser, of Hanover township, Columbiana county, guard at the institution, to succeed Sheridan J. Temple, of Hanover, resigned. Representative Crist recommended the appointment. Conser served in the civil war and is a retired farmer. He was twice a candidate for the Republican nomination for sheriff. His new position pays \$65 per month. If a bill which has passed the house becomes a law, the salary of the penitentiary guards will be increased \$10 per month.

Temple resigned about two months ago. He served several terms as a guard and had several thrilling experiences. Once he was attacked by several desperate convicts, and shot one of his assailants in the foot. He shot another dead and kept the others at bay until help came.

CHESTER NOTES

Arthur Stewart, of Pittsburg, is in Chester today on business.

Miss Ethel Redick, of McDonald, Pa., is visiting friends in Chester for a few days.

Five new members will be initiated into the Protected Home Circle on Tuesday evening.

The new elevated water tank at the Taylor, Smith & Taylor pottery, is now nearly completed.

The roadbed for the new railroad switch near the tin mill has been completed and ties and rails will be laid soon.

Mrs. E. C. Baxter was called to New Cumberland this morning on account of the serious illness of her mother, Mrs. Levi Gardner.

BROTHERHOOD CONVENTION

Some Red Hot Arguments.

Trenton, May 6.—A solid delegation representing the various craftsmen among our potters, arrived at headquarters in due time. There was more or less caucusing by the various tradesmen, who seemed to be in the best of spirits, prior to convening the meeting of the general body at the convention hall. The various rolls of delegates were called, after which the Trenton operatives, in company with the mayor of the city, tendered to the visitors a cordial greeting. The snap-shot fiend with his paraphernalia of flash light and camera was on hand to catch a good picture of those assembled. Well, he accomplished that in fine style, and particularly those from East Liverpool. In fact, it created somewhat of a jealousy on the part of the other fellows, and it took them some time to find out the reason why. After some discussion about the picture, etc., one of the East Liverpool boys came to the rescue with an explanation, for which the writer of this article feels very much complimented. In substance he stated that their fine pictures were due to a great extent to knowing how to dress for the occasion, and to the efforts of STEINFELD & VINEY to supply their customers with the very latest styles of clothing and gents' furnishings.

Some very good stories are told of the impression made upon those who attend for the first time the very high church Episcopalian service, with its elaborate ritual and its extraordinary musical features, at the Church of St. Mary the Virgin. The reply of a very prominent Catholic priest when asked by the friend who had taken him there how he liked the service, "Well, really, I prefer the simple ritual of my own church," is a current story at the clubs.

Even more amusing was the comment of the elderly Scotchwoman whose relatives said to her as they were leaving after the service: "Well, Aunt Janet, did you enjoy the service?"

"A' weel," said Janet in response, "it's verra interestin', but what a w'y to spend the Sabbath!"—New York Times.

A Wrestle With German.

An estimable woman of Milwaukee is an earnest member of a local German class, but her method of pronouncing some of the words, at least in one specific instance, aroused the mirth of her companions. At a recent meeting of the class one of the questions in the day's exercise was, "Are you not glad that you are able to learn German?" This query was in the foreign language, and the answer was, "Ja, gewiss," meaning, "Yes, certainly." It so happened that this particular woman was called up to read the question and answer. She got through the question all right, but convulsed the class by reading the answer this way, "Ya; gee whiz!"

FILLS TO BE MADE

And Clark Avenue and Danbury Street Made Passable.

A committee composed of Councilmen Shoub, Weaver and McLain, in company of Contractor Harrison Rinehart, at noon yesterday investigated the bad condition of Clark avenue and Danbury street. It was found necessary to have a few fills made to place the thoroughfares in condition for heavy vehicles to pass from Eighteenth street to the brick works. Contractor Rinehart wishes to haul brick from the Vulcan brick works to Commerce street where a force of men are paving the street. He made a proposition to the committee to place the street in a passable condition at a cost not to exceed \$10. The proposition was accepted and today Mr. Rinehart has placed a few men at work on the street.

THE FERRY DISPUTE

The Whole Matter Is Being Contested By Court Today.

The recent order of supersedeas issued by Judge Hervey against Samuel B. Goucher, of Toronto, and others who own the ferry boat Emily, may be recalled by the judge today.

This afternoon an investigation in the matter will be made before Judge Hervey in the common pleas court at New Cumberland. The owners of the ferry boat and Watson S. Johnston, with attorneys for both sides of the case, will be present. Mr. Johnston will be asked by the judge to show cause why he has interfered with the operation of the boat.

DOG JUMPED ON HIM

And a Wellsville Lad Had His Leg Broken as a Result.

William Leach, aged six years, a son of Park Leach, had his right leg broken yesterday afternoon while at play in his father's saloon near Main and Third streets. The boy was leading his dog up the cellar steps, when the animal suddenly turned and jumped down the stairs again, taking the boy with him. The boy's father heard his cries and ran to his assistance. Upon investigation at the office of Dr. F. K. Hutchison it was found that the right leg had been broken between the hip and the knee.

Mrs. Libbie Burnfield Out of Jail, but in an Angry Mood.

Mrs. Libbie Burnfield, who was released from the city jail yesterday, having arranged for the payment of her fine, went to New Cumberland yesterday in search of Mrs. Emma Call, who, she stated, had in her absence stolen all her clothing and gone away to Cumberland.

Mrs. Burnfield returned minus the clothing and in a very angry frame of mind because she had been unable to locate Mrs. Call.

Freight Car Derailed.

A freight car was derailed this morning at 8 o'clock on the new Champion brick works switch. The East Liverpool switch engine No. 693 was engaged in pushing two box cars up the switch when one of them became derailed directly across the street railway tracks, and passengers were compelled to transfer. Inside of 40 minutes the track was cleared.

The Rose.

At all times the rose has enjoyed peculiar favor as a sacred flower. Mohammedan tradition says that when Saladin captured Jerusalem he refused to enter the shrine of the temple which had been converted into a church by the Crusaders till the walls had been thoroughly cleansed and purified with rosewater. A similar story is told of the Church of St. Sophia, at Constantinople, when transformed from a Christian place of worship to a Mohammedan mosque. The origin of the rose, according to Moslem tradition, is that the blood of the prophet sprang into new life in this glorious crimson flower. To this day when a Turk sees a rose lying on the ground he will raise it tenderly, kiss it reverently and deposit the frail blossom in some place of safety.

Beards in Old Russia.

The Russians had an old law by which any one who drew hair from another's beard should be fined four times as much as for cutting off a finger, and the importance and value of the appendage are further illustrated by the fact that, although the loss of a leg was estimated at 12 shillings, the loss of the beard was estimated at 20.—London Globe.

DOUBLE TRACKING

WILL PROCEED ON THE ROCK SPRINGS LINE.

Council Rescinds Former Action—Police Chief's Salary Raised.

The East Liverpool & Rock Springs Street Railway company is now ready to double track its road and work began this morning. Although Mayor John Shrader tried to prevent the move, his influence did not hold out with all of the councilmen. At the council meeting last evening, after a motion was passed to reconsider the action taken by council last Thursday another motion was put through, after the ordinance granted by the county court had been read, to allow the street railway company to proceed with the double tracking of the road. Manager Maxwell, of the Rock Springs park, presented to the councilmen the original plat of the street railway line which proved the right of the street railway company to double track.

If the action had not been taken by council the town would have had to pay the expense of a heavy law suit, as the management of the Rock Springs line intended to double track regardless of any action on the part of the village council.

Councilmen Hough, Weas, Wetzel and Mercer, who had thoroughly investigated the rights of the street car line, voted for it to go ahead with the double tracking, while Johnston, Riley and Shrader voted against it.

The street car company has agreed to pave between the tracks at such a time as the council sees fit to pave any streets over which the line runs.

Other business included the presentation of a plat showing all of the different streets laid out and grades established. Council by request accepted the plat.

Two bills from Risinger Bros., of East Liverpool, for street lights and labor were presented and discussed. They were laid over for investigation.

Thomas Cochran, representing the Republican central committee, asked council its opinion relative to laying out town out in wards. Some were favorably inclined and others opposed. No action was taken.

Mayor Shrader read a letter from Chief Hiram Allison again asking them to raise his salary, now \$35 per month. Mr. Shrader seemed favorably inclined and Allison's salary was raised to \$45, with the understanding that he enforce every ordinance of the town to the letter and report to Risinger Bros. if anything goes wrong with any of the street lights.

JOSEPH BROS.

PELLETS OF SNOW.

How They Fling and Drift in the Adirondack Region.

On a good driftmaking day in the Adirondacks the snow comes not in the star shaped flakes that look so pretty when portrayed on a page of the dictionary, but in small pellets. These pellets are in shape like tiny white footballs usually, and they come rolling and tumbling down wind as if they had been "kicked for fair" by the half-back gods of the gale. And yet while they roll and tumble and bound they find lodging places, and as the idler gazes he sees them pile up in a wall on the crest of the road cut. Higher and higher grows the pile, forming at first a vertical wall, but before this has risen three inches it is seen to overhang the gulch.

Though round and easily rolled, these pellets in some way fit to each other as bricks would, until the overhang is perhaps a fifth as great as the elevation of the wall, and then, marvelous and impossible as it would seem to the unaccustomed observer, a lip forms on the crest of the wall, and soon it begins to droop and hang down. Wider and longer it grows, farther and farther it droops, until its shape is precisely like the lip formed on a huge wave when it breaks on a shoal water beach. Lips that are ten feet wide and hang down three feet clear of all, though but six or eight inches thick where they join the chin of the wall, are not uncommon. By what magic is it that these frozen, oblong pellets that go bounding along as merrily as footballs form into such a shape as that? Of course if the storm continues a time usually comes when the lips break off because of their great weight. And then no new lip forms to replace the last one. The snow merely drops over into the lee of the wall and gradually fills the cutting.—Scribner's.

THE PHALANX.

Its Formation in the Military Methods of Ancient Greece.

A phalanx in the military affairs of Greece was a square battalion or body of soldiers formed in ranks and files compact and deep with their shields joined and pikes crossing each other so as to render it almost impossible to break it. At first the phalanx consisted of 4,000 men, but this number was afterward doubled by Philip of Macedon, and the double phalanx is hence often called the Macedonian phalanx. Polybius describes it thus:

"It was a square of pikemen, consisting of 16 in flank and 500 in front. The soldiers stood so close together that the pikes of the fifth rank extended three feet beyond the front. The rest, whose pikes were not serviceable owing to their distance from the front, crouched upon the shoulders of those who stood before them and so

locking them together in file, pressed forward to support and push on the former rank, by which means the assault was rendered more violent and irresistible." The spears of those behind also stopped the missiles of the enemy. Each man's pike was twenty-three feet long. The word phalanx is also used for any combination of people distinguished for solidity and firmness. A grand phalanx consisted of 16,384 men.

Only Amused Them.

James had been an autocrat in his home, and when he went to school he was greatly astounded to be told that he must do this thing and that he must not do that. After disobeying every rule of the school and being reproved he wanted to know the "whys" of it. "Because you disturb the other boys," he was told. "I don't think I disturb them," he replied thoughtfully. "I think I amuse them."—New York Press.

Widener, Griscom and Bernard Baker, receive, as consideration for all their capital stock, \$120,000,000, of which \$60,000,000 is preferred stock, cumulative at 6 per cent, and \$60,000,000 common stock, limited to 10 per cent, and also \$50,000,000 in collateral trust 4½ per cent debentures.

White Star Acquisition.

The White Star line's acquisition is antedated to Jan. 1, 1901, the combine, or corporation, as it is termed, taking all the line's profits from that date. The White Star line shares are exchanged on the basis of 10 times the net profits made by that line in 1901.

The arrangement made with the Dominion line is similar to that made with the White Star line, but on the net profits for 1900.

The American and Transport lines are lumped in one valuation at \$34,158,000, subject to \$19,686,000 of the

American line's 5 per cent bonds. The Leyland line is valued at \$11,736,000.

The method of payment is as follows: White Star line, 25 per cent cash, 75 per cent preferred at par, and 37½ per cent of the total amount in common at par. The Dominion line payment is the same, and the American and Transport lines get between them \$18,314,000 in preferred, \$915,700 in common, \$15,844,000 in cash and such further cash as may be required, at a rate not exceeding 6 per cent. The Leyland line gets \$11,736,000 cash and the remainder in capital stock, and the bonds go to the vendors, who, however, contribute to the corporation, as working capital, \$786,000 in preferred and \$6,643,000 in common stock, and "are to transfer it to the syndicate if and when formed by the bankers, viz.: the Morgans, for \$50,000,000 cash, and in full payment for its services the said \$50,000,000 in debentures and also \$2,500,000 in preferred and \$25,000,000 in common stock."

May Decline Any Line.

It is provided that the corporation may take or decline to take any of the lines of which less than three-fourths of their interest shall be delivered by Dec. 31, 1902. The exclusion of one line does not affect the agreement with the others. The vendors agree to use their best efforts to deliver the necessary three-fourths of their companies' stocks. The agreements would have been broken had not the Morgans formed the original syndicate of \$50,000,000 cash prior to April 30, 1902.

FEARFUL LOSS OF LIVES.

Volcanic Disturbances Wipe Out St. Pierre, Martinique—Shipping Also Destroyed.

St. Thomas, D. W. I., May 9.—The British steamer Roddam, Captain Freeman, which left St. Lucia on Wednesday for Martinique, returned there at 5 o'clock yesterday afternoon, bringing a report that the town of St. Pierre, Martinique, has been totally destroyed by volcanic disturbances in the island. Almost all the inhabitants of St. Pierre are said to have been killed. The Roddam reports that all the shipping in the port has also been destroyed. The Quebec Steamship company's steamer Roraima is mentioned as lost, with all on board.

The Roddam was almost completely wrecked. Her captain was seriously burned and 17 of her crew are dead.

Bill Up In House—Resolution Over Sampson's Death Adopted.

Washington, May 9.—The bill to place three new stars in the American flag had the right of way again yesterday in the house. General debate, the feature of which was an extended speech by Mr. Grosvenor, of Ohio, in opposition to the measure, was closed at 3 o'clock, and the bill was then read for amendment under the five-minute rule.

During the day a resolution expressive of the regret of the house over the death of Rear Admiral Sampson was adopted. A committee of seven members was appointed to attend his funeral.

NOVELIST MURDERED.

Paul Leicester Ford Killed by His Brother, Malcolm Ford, the Athlete.

MURDERER THEN SUICIDED.

Believed That the Awful Double Crime Was Committed While Malcolm Was Suffering From Temporary Mental Aberration.

New York, May 9.—Paul Leicester Ford, the novelist, was shot and killed yesterday by his brother, Malcolm Webster Ford, writer and athlete, who immediately sent a bullet into his own breast, dying instantly. The shooting occurred at 10:20 a. m., in the handsome new mansion which Paul Leicester Ford had built at 37 East Seventy-seventh street and had occupied for about a year.

At the time of the shooting there were in the house, besides the two brothers, Mrs. Paul Leicester Ford, Miss Elizabeth R. Hall, the novelist's secretary, and the servants. The novelist was sitting at his desk in one corner of his library, a large, attractively appointed room at the back of the house, on the second floor. It is supposed he was busily engaged at some literary task. Miss Hall was at her desk in another corner of the room, about 30 feet from Mr. Ford. Mrs. Paul Leicester Ford was in her own room at the front of the house, on the third floor.

Fatal Conversation Unheard.

Malcolm W. Ford called, as he often had done, and went to his brother at his desk. Words were exchanged in a tone so low that Miss Hall could not hear what was said, though she says that possibly she might have distinguished the words if she had been paying any attention to this particular meeting of the brothers. Suddenly there was a revolver shot and Miss Hall, jumping up, darted from the room. Then, according to the statements of the police, Miss Hall said to herself that she must act more bravely and re-enter the library.

Meanwhile Malcolm Ford had called her. As she turned towards him he placed his revolver to his heart, fired and fell, dying instantly. When Miss Hall turned to look at Paul he was still standing at his desk, but rapidly losing strength. She helped him to a sofa and then ran next door for Mr. Paul Ford's physician, Dr. Emanuel Baruch. In less than five minutes Dr. Baruch arrived and the dying man, still conscious, was carried up to a room beside his wife's and placed on his bed. He spoke to his wife and asked the doctor for his opinion, showing that he expected death and was going to meet it calmly and bravely. A few moments later, about 20 minutes after he was shot, Mr. Ford died.

Believed Temporarily Insane.

Edward Kidder, Mrs. Ford's father who was sent for, refused to make any statement in regard to the shooting except a brief memorandum, which was given to the police. In this it was said that the cause of the shooting could only be surmised. Information from other sources makes it appear that Malcolm Ford called to get money from his brother, and, meeting with a refusal, shot him. Dr. Baruch said that the murder was a result of temporary mental aberration on the part of Malcolm Ford, due to nervous exhaustion.

It is said that there was enmity between the two brothers and consequent bitterness, and that it was 11 years' standing; that never since the death of their father have they been on intimate or brotherly terms. This alleged enmity on the part of Malcolm is said to have been brought about by the fact that the father of the boys disinherited Malcolm and that this action on the father's part was because he did not wish Malcolm to devote himself to an athletic career.

Police Captain Brown said last night that Malcolm W. Ford had for some time been causing much uneasiness to the family through evidences of an unbalanced mind, and declares that in his opinion he attacked his brother during a period of temporary insanity, then taking his own life.

Malcolm in Financial Distress.

"The cause of Malcolm Ford's action," said Captain Brown, "can be explained by inference. For some time past his financial affairs have been pressing him, and he has repeatedly asked and received material assistance from his brother. It is presumed that his importuning had been such and his demands so excessive that his brother had been forced to refuse further aid."

Paul Leicester Ford was 37 years old, a novelist of much note, "Janice Meredith" being perhaps his most popular novel. He was married about a year ago to Miss Grace Kidder, daughter of Edward H. Kidder, of Brooklyn.

Malcolm W. Ford was born in Brooklyn, Feb. 7, 1862. He married a daughter of Robert Graves, a wall paper manufacturer, but they were divorced. He was a member of the Lawyers' club.

It was decided last night at a family council that the two brothers should be buried together. The funeral will be held Saturday morning from the residence. Last night the bodies were laid out together in adjoining upper rooms of the house.

BASKET MACHINE

PRONOUNCED

A Modern Wonder

It is likely that many people have thought the statements made by the Mergenthaler-Horton Basket Machine Co. regarding their Automatic Basket Machine too extravagant to be fully credited. But it is safe to say that not one person out of the thousands who saw the machine work this past week in New York will deny that it is all and more than is claimed for it.

It is a positive fact that on each day of the week more than five thousand people visited the Executive Offices of the Company at the corner of Broadway and Reade Street, New York City, and each one went away enthusiastic over the human-like action of the wonderful machine.

By actual count made by mechanical indicator, over thirty thousand persons viewed the machine at its work making baskets between Monday morning and Friday night. The figures for Saturday were not completed in time to insert in this article.

Those who read this who are at a distance from New York should promptly send to some friend in New York, in whose judgment they have confidence, to call at once to see the machine and make prompt report.

The price of shares in the Basket Machine Co. is now

70 Cents a Share

(Full Paid and Non-Assessable.)

and will be further advanced on or before May 17th to 80 cents a share.

The officers of the Company take great pleasure in the popular verdict on the wonders of the machine, and wish to thank the public for responding so freely to the offering of stock during the past few weeks, when scarcely any one had seen the machine work. Now that the exhibition has raised a cloud of witnesses in support of the statements made, it is right to say that the future of the Company is far greater than has at any time been stated, and that following the acquirement of the immense basket factory at Painesville, Ohio, which has been previously announced, there will be steady progress made in equipment looking to the immediate and full control of the entire Basket Industry of the United States.

The price of shares in this Company will, as has been stated heretofore, be rapidly advanced and will be held at par within sixty days from this date.

That the price of shares will then rise beyond par because of the great demand is a commercial certainty.

These statements are made for the benefit of those who have been following this Company's announcements, and all such persons are reminded that every promise made by the officers of this Company, publicly or privately, regarding the plans of the Company, has been fulfilled to the letter.

Checks for subscriptions should be made payable to order of

CHARLES R. BARLOW, Treasurer.

Subscriptions for less than fifty shares not received.

The right is reserved to reject any subscription.

Price of shares advances again on or before May 17th.

SENATORS CLASHED.

Dolliver and Carmack Then Shook Hands and Laughed Over the Encounter.

LATTER CALLED TO ORDER.

Burton Referred to Cruelties In Other Wars—Carmack Called Gen. Smith "Scoundrel" and "Murderer."—Vest Told of Hampton Roads Conference

Washington, May 9.—Discussion of the Philippine bill in the senate yesterday, while it scarcely abated in bitterness, took on an amusing phase. In a breezy speech Mr. Dolliver, of Iowa, made such a good-natured and yet such a sarcastic arraignment of Mr. Carmack, of Tennessee, that senators and occupants of the thronged galleries were convulsed with laughter. While, seemingly, considerable temper was aroused by the debate, good feeling was shown by the active participants in the war of words—Mr. Dolliver and Mr. Carmack—who cordially shook hands and laughed over the encounter.

Atrocities In Other Wars.

Mr. Burton, of Kansas, concluded the speech which he began Wednesday. He referred as instances of atrocious cruelty to the battle of Wounded Knee, to the Mountain Meadow massacre and to the massacre of Union soldiers at Fort Pillow, and contended that the action of the American troops in the Philippines was, in most instances, entirely within the regulations of civilized warfare.

In response to some statements made Wednesday by Mr. Tillman, Mr. Vest, of Missouri, delivered a forceful and effective speech and made an historical contribution with reference to the Hampton Roads conference between President Lincoln and Confederate leaders.

He denied that Lincoln offered the southern leaders everything they wanted, to save the Union.

He said the Confederate leaders demanded the absolute independence of the southern confederacy and Lincoln refused. The conference was then ended.

He gave Reagan, Hunter and Stevens as his authorities, and also said that he was a member of the Confederate senate when the report was made, and pointed out that he is the only surviving member of that body.

Called Smith a Murderer.

Mr. Carmack delivered a scathing denunciation of the conduct of military operations in the Philippines, and denounced General Smith, branding him as a "scoundrel" and "murderer," who had dishonored the American army and had done nothing but butcher a whole people.

In a sarcastic response, Mr. Dolliver, of Iowa, scorchingly arraigned Mr. Carmack, incidentally reading an editorial from the Memphis Commercial Appeal, criticising the Tennesseean's attitude on the Philippine question. Mr. Carmack's reply was of such a nature as to cause him to be called to order for a statement reflecting upon Mr. Dolliver, but the incident ended in good feeling.

NO MORE HOSTILE SHOTS.

Gen. Davis Reports Situation in Mindanao Satisfactory—Few Wounded May Not Recover.

Washington, May 9.—The following advice relative to the situation in Mindanao was received at the war department from General Chaffee, under date of Manila, May 8:

"Following from Brigadier General George W. Davis, May 6:

"Situation today every way satisfactory. No hostile shot has been fired since escape of prisoners from guard. Would be exceedingly easy for Moros to climb bluff and cut our telegraph traversing shore of lake four or five miles—not molested. At 2 o'clock today Rinihi Tampanga, of Turburan, and delegation presented themselves. Sultan Genassi says Datto Payogang was killed, Bayan fort, and his people dead or dispersed. Will investigate, but doubt whole report. Number of prisoners escaped probably not exceeding 25. Ten have been recaptured unhurt. For miles about the country is much the same in its natural aspect as Camp Meade, Pennsylvania. Enormous agricultural facilities. All wounded doing well. Lieutenant Jossman seriously hurt; bullet penetrated lung, ranged downward and lodged in body. Chief surgeon says one or two forwarded without hopes of recovery. May 7—Leave in morning for Malabang to meet General Chaffee. Expected morning of 10th. No change situation. Wounded doing well. Datto, from lower Bayan fort, presented himself, saying his people want peace, promising bring cattle other supplies. (Signed) "Chaffee."

HESSITATION IN THE MARKET.

Due to Offer of Miners to Arbitrate, Thursday—Stocks Recovered Weakness.

New York, May 9.—Stocks recovered from Wednesday's weakness yesterday, although there was considerable uncertainty manifest in the prevailing sentiment. A more cheerful feeling over the anthracite outlook was responsible for considerable rebuying by short sellers of Wednesday, who professed confidence Wednesday night that a strike could not be avoided. The hesitation which developed in the market was due to a considerable extent to the action taken by the mine workers' convention, which presents an entirely new phase of the situation.

The active coalers reflected no misgiving after the announcement of the miners' offer to arbitrate, but they fell into comparative dullness. The high-priced coalers offered the anomaly of early weakness while the Readings were advancing, and a strong recovery after the demand for the Readings had largely died out. The whole market fell into dullness in the latter part of the day, while waiting for the announcement of the reply of the anthracite operators to the offer of the miners. The result was that the day's transactions were not much over half of those of Wednesday. Outside the Readings the principal activity was in St. Paul, Union Pacific, the local tractions and Southern Railway. There were also movements in other stocks.

There was a sale of St. Lawrence and Adirondack at 52, compared with the preceding sale at 138 3/4. This sale was before the collapse of the Webb-Meyer stocks. The incidental statement of Dr. Webb that he had sold the road to A. L. Meyer was news to the public yesterday morning. Money went to 9 per cent again yesterday, but sterling exchange turned weak, and New York exchange at Chicago recovered from 20 cents discount to 10 cents premium. Money brokers reported offerings of large sums for lending in New York, from various quarters of the country. The loss already this week to the sub-treasury of over \$2,000,000 is to be reckoned with in considering the money situation.

The bond market recovered yesterday in sympathy with stocks. Total sales, par value, \$3,160,000. U. S. 3s and the new 4s declined 1/4 per cent on the last call.

HOME AFFAIRS.

Brief Notes of a Personal Nature and of Matters About Town.

Sirius Club Dance—Invitations have been issued by the Sirius club for a dance that will be given at Rock Springs on the evening of May 19. It will be one of the society events of the season.

Will Go to Farming—The household effects of Matthias Adams, of Seventh street, have been sent to Salineville, where the family will reside in the future. Mr. Adams has purchased a large farm near Salineville.

Mrs. Wells Still Suffers—Mrs. Lewis Wells, of Steubenville, who was injured several months ago by falling down the cellar stairs at her home, is still visiting her son, W. E. Wells, of this city, and will have the X-rays applied. If this does not reveal the cause of her pain, she will go to Youngstown and consult a physician.

Clerks and Carriers' Examination—The United States civil service commission announces that on May 28 an examination will be held in this city for the positions of clerk and carrier in the postoffice service. This examination offers an excellent opportunity for entering the Federal service to bright, energetic persons. The age

limitations for examination are 18 to 45 years.

Picnic and Dance—Invitations have been issued for the annual picnic and dance to be given by members of division No. 52, Amalgamated Association of Street Railway Employees. The event will be held June 11, at Rock Springs park, and a very large attendance is expected. The former outings of this organization have been the best attended of any similar affair held during year.

Special Services—Ascension Thursday was observed with special services at the Catholic and Episcopal churches yesterday. At St. Stephen's holy communion was held and a special sermon preached by Rev. Edwin Weary, at 10 a. m. He also preached last evening. At St. Aloysius Father Mahon held early mass and Father Smyth high mass at 8 o'clock. Father Mahon pronounced the benediction at 3:30 p. m.

THE FIRST INNING

(Continued from First Page.)

Sixsmith is a marvel. He covers first like a professional. Lave Emmerling, though not over 19 years of age, is a wonder behind the bat.

DIVORCE AND ALIMONY

Asked By the Wife of a Salineville Merchant, Cruelty Being Charged.

Lisbon, May 9.—(Special)—Mary E. Duncan, of Salineville, has entered suit for divorce and alimony from John S. Duncan. They were married in September, 1882, and have one child, Anna, aged 16 years. She alleges cruelty and neglect.

Her husband is a hardware merchant and his stock is valued at \$3,000. An injunction restraining him from disposing of or encumbering his property has been granted.

Able And Popular.

Congressman Taylor, of the Eighteenth district, has been renominated. He has served almost eight years in the house of representatives and has become a conspicuous member of that body. The Republicans of his district did well when they selected him to again represent them in congress. He is an able and popular man.—Cleveland Leader.

Fined \$1 And Costs.

George Heathers, one of the men implicated in the scrap of Monday evening in Smoky Row, applied to the mayor last evening for justice and was rewarded with an assessment of \$1 and costs. He paid the amount and was released.

Train Jumpers Fined.

Two boys, giving their names as Harry Sampson and Julius Harvey, were arrested yesterday afternoon by Officer Fisher in the East End for train jumping. They were given a hearing before the mayor and fined \$6.50 each.

Evidence Not Enough.

Squire McCarron did not think the evidence produced last evening against Mrs. Delora Barnhart, who was charged with assaulting Mrs. Bushong and using indecent language, sufficient for conviction and released the woman from custody.

Licensed to Marry.

Lisbon, May 9.—(Special)—Isaac Leonard Mercer and Fannie Bell, of Wellsville, have been licensed to marry.

Too Much Appreciation.

A biography of Huxley dwells on the annoyance which he suffered from bores. But the book had its funny side. Huxley once wrote to a friend: "I had a letter from a fellow yesterday morning who must be a lunatic, to the effect that he had been reading my essays, thought I was the man to spend a month with and was coming down by the 5 o'clock train attended by his seven children and his mother-in-law!"

We are showing the finest line of young men's suits in the city. Take a look at them.

Friendly Aid.

Jinks—See here, old boy! You ought to do something to reduce your flesh. You are becoming fearfully stout. Minks—Say, Jinks, you are about the fortieth friend who has made that offensive remark today, and I'm getting tired of it. It worries me. Jinks—That's all right. Worry reduces flesh.—New York Weekly.
